
 **Tim in Ky** La Vuelta stage 6 is 204 kilometer from Vila-real to Sagunt in Valencia. 08-23 15:19

Like stage 5, the race starts and finishes on the Mediterranean coast but spends most of the time in the coastal mountains.

 **Tim in Ky** The route features five categorized climbs, four Cat 3s and a Cat 2 which 08-23 15:26

summits 36 km from the finish. The first climb comes 48 km from the start and the intervening fight to get in the breakaway will be fierce because there is a strong likelihood that the break will stay away. This is not a sprinters stage and, if the break is well policed, Sky will have no reason to chase.

 **Tim in Ky** This is not going to be a big bunch sprint finish, and just as well. The 08-23 15:30

organizers have managed to stuff 9 roundabouts into the final 5 km. The last one is a 90 degree left with about 800 meters to go. The last 5 km are basically flat.

Tim in Ky No break yet. The average speed so far is 48 km/hr.

08-24 06:46

donny Anyone think that there might be a long range attack from one of the GC guys

08-24 06:47

that has lost a chunk of time? AC or nibbles? Bardet maybe except for the fact that he descends like he is made of glass.

Tim in Ky I think it's too early in the race for that. Long range attacks are a third week

08-24 06:49

thing. Ask Floyd.

donny Floyd, now there is a guy that got into the drugs after cycling the right way.

08-24 06:52

donny not that he wasn't into drugs during cycling as well, just that now he is doing it

08-24 06:53

legally out in the open.

Tim in Ky The first climb of the day has started breakless.

08-24 06:54

Tim in Ky The wrong sort keeps trying to sneak into potential breaks and Sky is

08-24 06:58

having none of it.

BusterSci A little ditty, bout Jack the bike man. An Australian kid growin' up in UCI

08-24 06:59

land. Jack, he's gonna be a cycling star. Then sell drugs from the back seat of his car.

BusterSci Saying' Oh yeah, doping goes on. Long after the thrill, of the podium is

08-24 06:59

gone. Sayin' Oh Yeah, long after the thrill of the podium is gone.

Tim in Ky The intermediate sprint today comes with 7 km to go. Not a typo.

08-24 07:05

BusterSci Multiple times so far the intermediates have been very late. I haven't

08-24 07:10

decided if I like that or not. Maybe occasionally.

Tim in Ky There are 17 roundabouts in the last 10 km today.

08-24 07:13

Tim in Ky Eleven riders have 0:36 on the peloton now.

08-24 07:14

Tim in Ky But the peloton is not happy about it.

08-24 07:15

Tim in Ky But the gap is up to 1:20. One source says 11, another says 18.

08-24 07:17

Tim in Ky No ID yet, of course.

08-24 07:18

Tim in Ky Got to be too big a group off the front. Gap is coming down.

08-24 07:21

Tim in Ky Still buffering out on the road.

08-24 07:26

Tim in Ky After 41km, Enric Mas and Matteo Trentin (Quick Step), Damiano Caruso

08-24 07:30

(BMC), Antonio Pedrero, Jose Joaquín Rojas and Marc Soler (Movistar Team), Lennard Kämna (Team Sunweb), Pawel Poljanski (Bora-Hansgrohe), Clément Chevrier and Axel Domont (AG2R-La Mondiale), Tom Scully, Toms Skujins and Davide Villella (Cannondale-Drapac), Maxim Belkov and Marco Haller (Katusha-Alpecin), George Bennett (LottoNL-Jumbo), Sergei Chernetski (Astana), Tomasz Marczyński (Lotto Soudal), Giovanni Visconti (Bahrain-Merida), Lachlan Morton (Dimension Data), Guillaume Bonnafond and Dani Navarro (Cofidis), David Arroyo (Caja Rural-Seguros RGA) and Ricardo Vilela (Manzana-Postobon) are 1'20" ahead of a 11 man chasing group. The peloton is at 1'40". That's the Dimension Data data.

BusterSci Well, I'm not even going to make it to stream time today. Client meeting at

08-24 07:38

8:30 (CDT). I'm not pleased about the way this summer has worked out.

Tim in Ky I will need to be gone around stream time, too, but only for a half hour or

08-24 07:40

so.

Tim in Ky Villella took the 3 KOM points on the first Cat 3.

08-24 07:41

Tim in Ky 38 riders have 1:15 on the peloton. That's crazy.

08-24 07:42

Tim in Ky Recount. 37 riders in the break including the Green and the Dots.

08-24 07:47

Tim in Ky 150 km to go, the gap is 1:42.

08-24 07:47

Tim in Ky Now 2:05.

08-24 07:49

 **Tim in Ky** Enric Mas and Matteo Trentin (Quick Step), Damiano Caruso (BMC), 08-24 07:51

Antonio Pedrero, Jose Joaquín Rojas and Marc Soler (Movistar Team), Lennard Kämna (Team Sunweb), Pawel Poljanski (Bora-Hansgrohe), Clément Chevrier and Axel Domont (AG2R-La Mondiale), Tom Scully, Toms Skujins and Davide Villella (Cannondale-Drpac), Maxim Belkov and Marco Haller (Katusha-Alpecin), George Bennett (LottoNL-Jumbo), Sergei Chernetski (Astana), Tomasz Marczyński (Lotto Soudal), Giovanni Visconti (Bahrain-Merida), Lachlan Morton (Dimension Data), Guillaume Bonnafond and Dani Navarro (Cofidis), David Arroyo (Caja Rural-Seguros RGA) and Ricardo Vilela (Manzana-Postobon) Jarlinson Pantano (Trek-Segafredo), Bob Jungels (Quick-Step Floors), Cesare Benedetti (Bora-Hansgrohe), Alexandre Geniez (AG2R-La Mondiale), Daan Olivier (Team LottoNL-Jumbo), Darwin Atapuma et Jan Polanc (UAE Team Emirates), Jesper Hansen (Astana), Maxime Monfort (Lotto-Soudal), Arnaud Courteille (FDJ) et Larry Warbasse (Aqua Blue Sport) Alexey Lutsenko and Luis Leon Sanchez (Astana) and Guillaume Bonnafond (Cofidis).

 **Tim in Ky** Somebody want to count? 08-24 07:51

 **Tim in Ky** I get 38. 08-24 07:52

 **Tim in Ky** Race radio says some of the breakers are OTB on the second climb. 08-24 07:53

 **donny** Names in that front group are pretty big names, but so is the group. Doubt they 08-24 07:55
get much of a leash

 **Tim in Ky** New list: Jarlinson Pantano (Trek-Segafredo), Bob Jungels, Enric Mas and 08-24 07:55
Matteo Trentin (Quick Step), Damiano Caruso (BMC), Antonio Pedrero, Jose Joaquín Rojas and Marc Soler (Movistar Team), Lennard Kämna (Team Sunweb), Cesare Benedetti and Pawel Poljanski (Bora-Hansgrohe), Clément Chevrier, Axel Domont and Alexandre Geniez (AG2R-La Mondiale), Tom Scully, Toms Skujins and Davide Villella (Cannondale-Drpac), Maxim Belkov and Marco Haller (Katusha-Alpecin), George Bennett and Daan Olivier (LottoNL-Jumbo), Darwin Atapuma and Jan Polanc (UAE Team Emirates), Sergei Chernetski, Jesper Hansen, Alexey Lutsenko and Luis Leon Sanchez (Astana), Tomasz Marczyński and Maxime Monfort (Lotto Soudal), Giovanni Visconti (Bahrain-Merida), Arnaud Courteille (FDJ), Lachlan Morton (Dimension Data), Guillaume Bonnafond and Dani Navarro (Cofidis), David Arroyo (Caja Rural-Seguros RGA), Larry Warbasse (Aqua Blue Sport) and Ricardo Vilela (Manzana-Postobon).

 **Tim in Ky** This one is 37. Who's missing? 08-24 07:56

 **donny** team sky is missing, thats who. 08-24 07:57

 **Tim in Ky** Gap is up to 3:02 on the climb. Knees is probably at the front. 08-24 07:57

donny so a guarantee they won't get much leash

08-24 07:57

donny I would be surprised if they let the gap get to 4 min. Even if that means putting someone that can climb on the front in the climbs.

08-24 07:58

donny I really am afraid that Sky is going to make this Vuelta as boring as the Tour was this year.

08-24 08:00

Katie Lane Haven't been able to follow much.... between eclipsing and my

08-24 08:01

Grandmother's 100th birthday celebration, I'm helping my parents finish their unfinished basement (vinyl tile, drywall finishing, priming, painting). My bike Pinky is sitting in the van yet unriden this trip.....

Tim in Ky Lutsenko is back in the peloton. Matteo Trentin (Quick-Step Floors),

08-24 08:01

Damiano Caruso (BMC), Alexandre Geniez (AG2R-La Mondiale), Tom Scully (Cannondale-Drapac), Marco Haller (Katusha-Alpecin), Arnaud Courteille (FDJ) and Guillaume Bonnafond (Cofidis) have also been dropped from the break on the climb.

Tim in Ky Congrats to your grandmother, Katie.

Katie Lane After relocating 3 times Monday to escape the clouds / rain, my friend and

08-24 08:03

I finally found a partly sunny spot beside a power substation and a cemetery somewhere 10-12 miles north of Sedalia, MO. Totality was awesome, and it was worth the 175 total miles of driving around that day

Tim in Ky With 140 km to go gap is holding around 3:00.

08-24 08:04

Katie Lane Tim, her birthday was yesterday but the whingding is Saturday. What she's

08-24 08:05

seen in her lifetime.... wow!

Katie Lane Short leash on this group...

08-24 08:05

donny well done on the century! puts those long 100 mile rides in perspective.

08-24 08:06

Tim in Ky I'm don't know who the best-placed in the break is.

08-24 08:06

Tim in Ky Results on the second KOM: 1. Davide Villella (Cannondale-Drapac), 3 pts

08-24 08:06

2. Darwin Atapuma (UAE Team Emirates), 2 pts 3. Maxime Monfort (Lotto Soudal), 1 pt.

Katie Lane Short leash on this group...

08-24 08:05

donny well done on the century! puts those long 100 mile rides in perspective.

08-24 08:06

Tim in Ky I'm don't know who the best-placed in the break is.

08-24 08:06

 **Tim in Ky** Results on the second KOM: 1. Davide Villella (Cannondale-Drapac), 3 pts 08-24 08:06
2. Darwin Atapuma (UAE Team Emirates), 2 pts 3. Maxime Monfort (Lotto Soudal), 1 pt.

 **donny** several of the riders in the break have the number 1 on the bib so that is enough 08-24 08:07
incentive for sky to keep them close.

 **Tim in Ky** On the descent the gap is down to 2:30. 08-24 08:07

 **donny** I have a funny feeling that the long range attack might actually come from 08-24 08:09
Froome. He does like a gap going up and he has proven in the past that his descending skills can add time to rivals as well.

 **SFinAusTx** You make me feel lazy Katie. Congrats on catching the eclipse, good luck 08-24 08:11
with the basement work, and best wishes to your Grandmother.

 **Tim in Ky** Gap is down to 2:15. I expect there will be attacks from the break shortly. 08-24 08:12

 **Tim in Ky** How are things in Spain Trish? 08-24 08:14

 **Tim in Ky** 27 left in the break: Jarlinson Pantano (Trek-Segafredo), Bob Jungels, Enric08-24 08:16
Mas (Quick Step), Antonio Pedrero, José Joaquín Rojas, Marc Soler (Movistar Team), Lennard Kämna (Team Sunweb), Cesare Benedetti, Pawel Poljanski (Bora-Hansgrohe), Clément Chevrier, Axel Domont (Ag2r La Mondiale), Toms Skujins, Davide Villella (Cannondale-Drapac), George Bennett, Daan Olivier (LottoNL-Jumbo), Darwin Atapuma, Jan Polanc (UAE Team Emirates), Sergei Chernetski, Jesper Hansen, Luis León Sánchez (Astana), Tomasz Marczyński, Maxime Monfort (Lotto-Soudal), Giovanni Visconti (Bahrain-Merida), Lachlan Morton (Dimension Data), David Arroyo (Caja Rural-Seguros RGA), Larry Warbasse (Aqua Blue Sport) and Ricardo Vilela (Manzana-Postobón).

 **Tim in Ky** LuLe Sanchez is the best placed in the break at +3:24. Hence the short 08-24 08:21
leash. Still 2:15.

 **donny** Tim I think you are correct that there will soon be some attacks from the break. 08-24 08:23
In a group that big there is always some dead weight that needs to be trimmed off if those with the most motivation to make it stick hope to have a chance. Shelling Sanchez would probably help as well, though maybe easier said than done.

 **SFinAusTx** I guess I won't be confusing Lule with Sammy anymore. 08-24 08:23

donny Sammy-2

08-24 08:24

BusterSci My maternal grandmother missed the century mark by about 7 months. But 08-24 08:26

that was 26 years ago. About 10 years after she passed we took my mom to the city archives in Bisbee, AZ to find her records. She was born and educated around Muskegon, MI and after school packed a trunk and moved to Bisbee to teach--on her own--in 1921. We were able to find where she lived in Bisbee--the building is still there. She didn't marry or have her first kid until her late 30s. Rare for that time. She was 42 when my mom was born, up on the Iron Range. I really wish I'd had enough sense in my 20s to learn more about her early life.

Tim in Ky José Gonçalves (Katusha-Alpecin) has abandoned.

08-24 08:29

BusterSci Is that also crash related?

08-24 08:30

Trish in MA The Spain report: Sunny and hot. Many advisories about road closures on 08-24 08:31

Sunday. Many roundabouts and traffic furniture for the peloton to navigate as they come through Calp and that's before they hit the mountains. Before they get into Calp there will be some spectacular roads and tunnels as they ride along the coast.

Tim in Ky Yes.

08-24 08:31

Tim in Ky Average speed for the first two hours was 42.8 km/hr. And that's with two 08-24 08:33
climbs.

donny I have averaged that speed before and on my bike, but it was flat and I was being 08-24 08:35
paced with a vespa.

SFinAusTx Amen Buster. I wonder how in the world she even heard of Bisbee. I 08-24 08:35

suppose that was in it's mining heyday and they probably recruited across the country. I grew up in Tucson, and Bisbee was not well regarded (by "big city folk"). It nearly died when the mine closed, but it has reinvented itself. They used to have great bike race every year - La Vuelta de Bisbee. Don't know if it's still around.

Tim in Ky On the third Cat 3 the gap is down to 2:00.

08-24 08:36

donny If they keep this pace up they will come in quite a bit early today, no?

08-24 08:36

Tim in Ky The race started very fast yesterday but ended up finishing late.

08-24 08:37

 **Trish in MA** Bisbee is now a big location for birders Like SF, we in the Phoenix area 08-24 08:38

only knew it far mining, My Catholic high school played sports against them. And all the other mining / farming towns that are now gone.

 **BusterSci** It's worth a visit if you're in that area. Artist community, nice microbrewery, 08-24 08:40

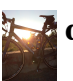

the mine tour is worthwhile and the town is fun to walk around. SF, she was from mining people, so I'm sure she heard about Bisbee through that community. I just realized I made a mistake, and she was actually born in Manitowoc, WI. But you're right she went to Bisbee during the mining boom, and ended up in Eveleth, MN for the same reason.

 **Katie Lane** Cool history! 08-24 08:40

 **Katie Lane** My grandmother wrote down a bunch of her childhood and early adult memories for one of her past milestone birthdays... a treasure. 08-24 08:41

 **Tim in Ky** Froome: "I'm not gonna ride away for the last 40km on my own..." From laVuelta.com. 08-24 08:43

 **Tim in Ky** I have to leave for a short bit. 08-24 08:43

 **donny** However, Froome also did not rule out the possibility of doing it with someone. 08-24 08:52

 **donny** Also, I tend not to believe much that comes out of the mouths of cyclist. Unless of course it is Sagan on a Bora commercial, those range tops really are impressive. 08-24 08:53

 **BusterSci** You should never rule out the possibility of doing it with someone. 08-24 08:54

 **BusterSci** I'm off. 08-24 08:54

 **Gilliemarie** Morning all! 08-24 09:03

 **SFinAusTx** Good morning GM! 08-24 09:04

 **Katie** Good morning, all! Buster, love the Jack Bobridge riff. Re Bisbee, I know a couple who named their daughter Bisbee because they fell in love w/ the town. Bisbee (the kid) loves her name. Sedalia, Mo ... Met a kid from that town when I was working at a church camp back in college. And now I think I'm caught up. 08-24 09:05

08-24 09:19

Alison Quarles Sheetrock

08-24 09:19

Rob Ahh googled it, we call it plaster board

08-24 09:20

Charles Davis Drywall (also known as plasterboard, wallboard, gypsum panel, sheet 08-24 09:20

rock, or gypsum board) is a panel made of calcium sulfate dihydrate (gypsum) with or without additives and normally pressed between a facer and a backer (typically thick sheets of paper). It is used to make interior walls and ceilings.

Charles Davis from wikipedia

08-24 09:20

Charles Davis Where are you from Rob?

08-24 09:21

Slaughter MacDuff Sheetrock has been the cause of many bruised knuckles and

08-24 09:21

Charles Davis The second group is now 52 sec behind the break. They are slowly

08-24 09:22

losing time.

Tim in Ky Nice turnout in the Pub today. 77.7 km to go. 2:00.

08-24 09:24

Charles Davis Jungels and Monfort are the leaders. 26 others in group 2. Sky leading 08-24 09:26

the bunch.

Katie Alas, I won't be able to stick around. Have a big meeting in person (imagine! not 08-24 09:27

a conference call) and have to leave my house in about 30 minutes. I'll check in if I can. Go Tejay! (There, I said it)
