15:59:41

**Tim in KY** It's a crisp clear fall morning too nice to waste indoors watching the dregs of the peloton meander up a mountain.Â I'll be here in time to see the GC contenders.

09-19-2020

06:03:55

**John** Iâ€™m sure Iâ€™ll still be here

09-19-2020

06:57:55

**BusterSci** It's still dark for another 2 hours here. Â may as well NRBBB

09-19-2020

07:00:04

**John** My work is done for the day. Time to NRBBB

09-19-2020

07:02:03

**BusterSci** Kluge is likely to be only the 2nd person to finish more than 6 hours back this century and could be largest gap to the lantern rouge since 1954.

09-19-2020

07:04:12

**BusterSci** Lotto over 14 hours back as a team, and that's the worst since at least 1990.

09-19-2020

07:04:38

**mmcally** Good morning John and Buster. Have to say I never thought the Tour would see this day. Will be interested to see how the rest of the race calendar goes in Europe with the increasing Covid numbers.

**John** Damn. Haller looks buff

09-19-2020  
07:05:39

**John** im amazed they made it too. Thought there would be more cases in the teams.

09-19-2020  
07:06:15

**BusterSci** I'm not surprised about the teams. Â I am surprised the general situation didn't cause changes

09-19-2020  
07:07:36

**mmcally** I commend the organization in regards to the "bubble". But some of these gatherings have been alarming.

09-19-2020  
07:08:13

**mmcally** Considering Ligue 1 (football) has limited fans in attendance to 5k and some cities have allowed less than 1k (Marseille and Bordeaux).

09-19-2020  
07:09:20

**Joanna in Virginia** Good morning! I am sorry I missed the "Dog Chat" yesterday and here is my contribution. Sweet Sofie enjoying a sunny March morning, just two days before we lost her.

09-19-2020  
07:09:33

**John** At least unlike the NBA no one has been tossed out for having lady guests in the bubble

09-19-2020  
07:09:38

**Joanna in Virginia** [https://rumbletalk-images-upload.s3.amazonaws.com/61922326bc2ef459e5ed5de71ef53a57/1600514081-IMG\\_0754.jpeg](https://rumbletalk-images-upload.s3.amazonaws.com/61922326bc2ef459e5ed5de71ef53a57/1600514081-IMG_0754.jpeg)

09-19-2020  
07:09:42

**BusterSci** I think there are few groups to better create a bubble than cycling teams in a grand tour. Â The riders are exhausted every day, recovery is so critical, and discipline is such a key aspect of training and the sport in general, it just seems they're the perfect test case.

09-19-2020  
07:10:00

**BusterSci** Given John's post, I'll add that very few of them make so much money they think rules don't apply to them.

09-19-2020  
07:10:36

**John** True. I do have to laugh that the guest in the room of the guy from Houston was one of the official testers. Sheesh.

09-19-2020  
07:11:54

**BusterSci** I think the much lower death per confirmed case rates are really changing how governments are dealing with things.

09-19-2020  
07:11:54

**mmcally** Italy is in much better shape than Spain. Giro should go off, but the Vuelta? I don't know.

09-19-2020  
07:13:54

**John** Spain is in tough shape. The group I met on vacation recently were sure they were going to have a second lockdown this fall.

09-19-2020  
07:14:55

**BusterSci** I haven't looked into Spain. Â Is it different regions getting hit than the first time? Â One theme I've seen regularly is that cities, states, regions that got hit in March Â aren't getting hit hard again. Â Many areas that didn't see issues in March are getting hit hard. Â Areas that were mild to moderately affected are seeing similar to slightly greater second waves.

09-19-2020  
07:16:49

**John** Donâ€™t know. Most of them were from Madrid which they said was in tough shape.Â I wonder if the reason behind the places not getting hit hard again is due to a large number of unreported or untested cases earlier now keeping those same people from being infected again.

09-19-2020  
07:19:00

**BusterSci** Also, most everyone is doing better at protecting the most vulnerable and treatment everywhere has been improved.

09-19-2020  
07:19:13

**mmcally** Number of cases in Spain was roughly 8k per day on Sept. 1. Low Estimates on Nov. 1 is 42k.

09-19-2020  
07:20:18

**John** One of my friends who had it in March said her antibodies didnâ€™t register in testing after 3 months but showed up again recently. She thinks she was exposed again and fought it off.

09-19-2020  
07:20:22

**John** Itâ€™s a really strange virus

09-19-2020  
07:20:48

**BusterSci** The antibody testing seems very unreliable to date.

09-19-2020  
07:20:56

**mmcally** Only 5k will be allowed tomorrow on the Champs-Élysées. Not sure how they manage that.

09-19-2020  
07:21:51

**BusterSci** Also interesting will be holding it in a Paris that isn't already half emptied by locals heading out for their holiday.

09-19-2020  
07:23:10

**BusterSci** If I'm a disc wheel supplier, I'd have somebody do my wheel artwork that understood how not make it not look out of balance on the road. Â Those lotto wheels look awful.

09-19-2020  
07:25:07

**John** Iâ€™m glad Iâ€™m not the only one who noticed and is unhappy with

09-19-2020  
07:25:52

that.

**BusterSci** The forgotten JuVi is up

09-19-2020  
07:26:13

**John** I can't even tell what it's supposed to be

09-19-2020  
07:26:23

**BusterSci** JuVi wheel is OK. Don't like the DQS wheel, but it isn't horrid.

09-19-2020  
07:26:51

**John** at least it's symmetric

09-19-2020  
07:27:29

**mmcnally** I enjoy watching the finish in Paris and the sprint is always one that is cherished by the riders. However, as a throwback to 89, I think it would be fun to host a time trial in Paris on Saturday. You still get the sprint finale on Sunday, but could have a 25k TT Saturday. Could work for sponsors, VIP sales, etc.

09-19-2020  
07:27:41

**BusterSci** I like the idea of having a couple circuits in Montmartre up to Sacre Cour instead of the long procession into town.

09-19-2020  
07:29:22

**BusterSci** That's a .95km climb at 7.5% with a 14% max. Very classicy

09-19-2020  
07:30:49

**BusterSci** Soupe is on the road

09-19-2020  
07:30:57

**BusterSci** Politt is off

09-19-2020  
07:32:13

**BusterSci** In the next 10 minutes we'll see Tony Martin, Remi Cavagna and Kasper Asgreen. Martin and Cavagna should put in good times and could top 10. Cavagna could win.

09-19-2020  
07:33:56

**John** Wonder who will be first to switch bikes

09-19-2020  
07:34:40

**BusterSci** I'd guess Kluge

09-19-2020  
07:37:49

**BusterSci** JuVi has 4 guys in the top 20. Rog, TD at 9th, Kuss at 15th and Wout at 20.

09-19-2020  
07:38:43

**mmcnnally** <https://twitter.com/mwkeenane/status/1307147283885039616?s=20>

09-19-2020  
07:39:57

**mmcnnally** Fun tweet and interview. Still my favorite Tour.

09-19-2020  
07:40:19

**John** Interesting to see the guys who are wearing their road shoes, regular socks, etc. who just make it an easy day

09-19-2020  
07:40:30

**BusterSci** I think Porte could leapfrog Superman.

09-19-2020  
07:40:49

**BusterSci** Uran could take Yates

09-19-2020  
07:41:06

**BusterSci** Dumoulin will move into 7th at least

09-19-2020  
07:41:36

**mmcnnally** You think (re: Porte)? I have seen a lot of folks say yes on Porte and others are an adamant no. I would love to see Porte on the podium.

09-19-2020  
07:42:08

**John** Ritchie on the podium would be one of the best things this Tour

09-19-2020  
07:42:45

**BusterSci** Lopez is an awful TTer. Â On a flat TT, I'd give Richie is 3rd step now. Â The climb makes a difference, though. Â But Porte has looked really good on climbs this tour.

09-19-2020  
07:43:29

**BusterSci** the early times of Martin and Cavagna will be a good sign. Â The best TT guys in the GC leads (Dumoulin, Rog, Pog, WvA) will be around Cavagna's time.

09-19-2020  
07:45:28

**BusterSci** Green ass in the start house

09-19-2020  
07:45:42

**BusterSci** And off

09-19-2020  
07:45:44

**mmcnnally** Lopez was awful in that Stage 9 TT at the Giro last year. Lost lots of time to every contender. Rode a nice TT in February at the Algarve. But like John said, it would be one the highlights of this Tour for Porte to get on the podium.

09-19-2020  
07:47:54

**BusterSci** Lopez recents: A 34-kilometre time trial on Stage 9 of the 2019 Giro with a climb into the finish saw him lose 3'45 to RogliÄ, while another loss to RogliÄ at the 2019 Vuelta on a hilly course saw him concede 2'00

09-19-2020  
07:48:24

**BusterSci** Richie's recent history is about 30s back of the best GC guys

09-19-2020  
07:49:01

**John** Ewan with a bike change

09-19-2020  
07:49:10

**BusterSci** Ewan changing bikes

09-19-2020  
07:49:10

**BusterSci** I see no reason for the people early on to not change bikes.

09-19-2020  
07:49:55

**John** lots of fans on the climb

09-19-2020  
07:49:59

**BusterSci** A real specialist might have a question if the loss of time is worth it, but everyone else? Ä Why not?

09-19-2020  
07:50:25

**John** With a climb like this one, it makes total sense to not haul a TT bike uphill

09-19-2020  
07:51:21

**BusterSci** Yeah, all that black gradient

09-19-2020  
07:52:14

**BusterSci** And guys in mankinis. Ä Yuck

09-19-2020  
07:52:25

**John** Thankfully only a quick shot before they panned away

09-19-2020  
07:52:58

**mmcally** This climb has become a favorite of ASOs. We see it often now. Nice to mix in a TT with it.

09-19-2020  
07:53:08

**BusterSci** The 5th visit. Ä 2012 won by Froome, 14 by Nibs, 17 by Aru and last year by Dylan Teuns

09-19-2020  
07:54:41

**BusterSci** All at the end of road stages

09-19-2020  
07:54:54

**BusterSci** Just a thought: If you write something in sharpie on your t-shirt and you want people to be able to read it, maybe don't shake it like you're spasming?

09-19-2020  
07:57:14

**BusterSci** Cavagna looking solid

09-19-2020  
07:58:37

**BusterSci** As he should.

09-19-2020  
07:58:41

**BusterSci** Tony with the air scoop open

09-19-2020  
07:58:54

**BusterSci** Politt with a better time than Tony.

09-19-2020  
07:59:07

**BusterSci** Politt has won the German u-23TT and placed well in the elite. Å 2nd at P-R. Å So knows how to suffer.

09-19-2020  
08:00:28

**BusterSci** Cavagna catching his minute man

08:01:14

**Mons Soseman** Good morning...Å I think the pretty girl will iron everything out today.

09-19-2020  
08:01:18

**BusterSci** 46 seconds better than Politt for the best time so far

09-19-2020  
08:01:31

**BusterSci** Going out on a Planche with that one, Mons

09-19-2020  
08:01:56

**BusterSci** Oss is off,

09-19-2020  
08:02:17

09-19-2020  
08:02:47

**BusterSci** Either got a hair cut or cut out a nice man-bun sized pocket in his helmet phone.

09-19-2020  
08:02:49

**BusterSci** Asgreen 2nd best at the first check, 16s off Cavagna

09-19-2020  
08:03:33

**BusterSci** Why a camera on Caleb Ewan?

09-19-2020  
08:03:45

**BusterSci** Kluge coming in as the first finisher

09-19-2020  
08:03:59

**BusterSci** Huge crowds

09-19-2020  
08:04:12

**Mons Soseman** Am I wrong, or ave they had fewer hors categorieÂ this Tour?

09-19-2020  
08:04:20

**BusterSci** Lots of chin masks

09-19-2020  
08:04:21

**Mons Soseman** I read that the under the nose community was shocked to find out the nose connects to the lungs too...

09-19-2020  
08:04:51

**BusterSci** Not sure, Mons. Â I

09-19-2020  
08:04:52

**BusterSci** I'll do a quick look in a second

09-19-2020  
08:04:59

**Mons Soseman** Mass time, see you in about an hour...

09-19-2020  
08:05:16

**BusterSci** 1:04 and change for Kluge

09-19-2020  
08:05:22

**BusterSci** Theres a lot of pinot on the road.

09-19-2020  
08:08:37

**BusterSci** From 2006 to 2016, there were an average of 6.6 HC climbs per tour, with the minimum being 6 and the max 7.

09-19-2020  
08:12:29

**BusterSci** This year had 5

09-19-2020  
08:13:29

**BusterSci** Cat 1 climbs in same time period: 10.2 average, min 7, max 14.

09-19-2020  
08:14:44

**Joanna in Virginia** The barn beckons - hope to be back for the finish.

09-19-2020  
08:14:58

**BusterSci** 16 Cat 1s in this tour.

09-19-2020  
08:20:56

09-19-2020

09-19-2020  
08:25:46

09-19-2020  
08:27:02

**BusterSci** Cavagna climbing now on his TT bike

09-19-2020  
08:27:46

**BusterSci** Sivakov is ov.

09-19-2020  
08:27:52

**Katie S** Good morning on this penultimate stage. I always like getting to say penultimate.

09-19-2020  
08:30:13

**John** Martin caught by Cavagna

09-19-2020  
08:30:20

**BusterSci** Cavagna on a monster ride

09-19-2020  
08:30:26

**BusterSci** And saying it right, Katie. Â Most people think it means "really ultimate"

09-19-2020  
08:30:46

**BusterSci** Wonder how Tony feels getting his doors blown off?

09-19-2020  
08:31:03

**Katie S** What's worse? The eejits with chinstraps or the eejits who don't even bother having a mask around their necks to ignore?

09-19-2020  
08:31:21

**BusterSci** Umm....yes?

09-19-2020  
08:31:39

**BusterSci** Politt with new best time...for a couple minutes

09-19-2020  
08:31:59

**BusterSci** Wow, that's a killer last 500m

09-19-2020  
08:32:56

09-19-2020  
08:33:16

**BusterSci** Politt in at just under 1:01

09-19-2020  
08:33:27

**BusterSci** Cavagna should come in under an hour

09-19-2020  
08:33:39

**BusterSci** Jack Bauer doesn't look at all like Kiefer Southerland

09-19-2020  
08:35:54

**BusterSci** 2km to go for Cavagna

09-19-2020  
08:36:25

**BusterSci** Can he do it in 7 minutes?

09-19-2020  
08:36:44

**Katie S** That about says it, McNally.

09-19-2020  
08:37:49

**BusterSci** 6:23 separates the best from worst right now

09-19-2020  
08:39:18

**BusterSci** Cavagna has one tough KM and a bit over 4m to ride it

09-19-2020  
08:39:52

**BusterSci** 2:49 up on Politt at this point

09-19-2020  
08:40:23

**BusterSci** Won't be a problem. Â Stunning ride.

09-19-2020  
08:40:34

**BusterSci** My goodness

09-19-2020  
08:41:11

**BusterSci** He looks like he's on a different course

09-19-2020  
08:41:19

**BusterSci** 9:26 now the spread

09-19-2020  
08:42:50

**Katie S** Very impressive

09-19-2020  
08:42:57

**Katie S** Tony just wants to be done. Surprised he didn't switch bikes - has anyone done so far?

09-19-2020  
08:43:22

**Katie S** or, here we go. Coquard did.

09-19-2020  
08:43:43

**BusterSci** Almost everyone has, except specialists

09-19-2020

09-19-2020  
08:50:20

**BusterSci** It's a TT, John, you should get many more chances

09-19-2020  
08:50:43

**John** Lol

09-19-2020  
08:50:55

**Tim in KY** Windy on the flat.

09-19-2020  
08:51:47

**BusterSci** Who gets combative for the race? Â Cosnefroy? Â Powless? Hirschi?

09-19-2020  
08:53:06

**John** Hirdcho

09-19-2020  
08:53:32

**John** Hirschi. Stupid auto correct

09-19-2020  
08:53:49

**BusterSci** More tt bikes finishing now than earlier

09-19-2020  
08:54:22

**John** Iâ€™m having the same âœœtype message hereâœ issue as Buster a few days ago

09-19-2020  
08:54:25

**Tim in KY** O ught be Kiss.

09-19-2020  
08:54:25

**BusterSci** It comes and goes. really odd.

09-19-2020  
08:54:54

**Tim in KY** But then Cosnefroy is French.

09-19-2020  
08:55:29

**BusterSci** Yup

09-19-2020  
08:56:16

**BusterSci** Hirschi is a stage winner, though. Combative is a chance to reward someone else.

09-19-2020  
08:57:10

**Tim in KY** The ASO ticker is not posting times on the climb that I can find.

09-19-2020  
09:03:12

**BusterSci** I think it's check 2 to the finish?

09-19-2020  
09:07:12

**Tim in KY** Yes it is.Â But you have to do your own math.

09-19-2020  
09:08:02

**Tim in KY** Seeing more Benoot than we need to, but then, he's.....

09-19-2020  
09:12:39

**BusterSci** Belgian?

09-19-2020  
09:15:06

**Tim in KY** Close.

09-19-2020  
09:15:35

**John** German?

09-19-2020  
09:15:49

**BusterSci** Not close. Â He's Belgian. Â Born in Ghent.

09-19-2020  
09:16:11

**Tim in KY** Looks like a French flag on my screen.

09-19-2020  
09:16:43

**John** Single?

09-19-2020  
09:16:44

**BusterSci** That's weird. Â It's not like those are close.

09-19-2020  
09:17:53

**BusterSci** That's Belgian flag

09-19-2020  
09:19:27

**Mons Soseman** So is NBC Gold covering the Vuelta ut not the Giro?Â They just announced the Vuelta

09-19-2020  
09:19:36

**BusterSci** NBC covers ASO races. Â That's the key. Â Vuelta has an agreement with ASO.

09-19-2020  
09:20:04

**Mons Soseman** delightful

09-19-2020  
09:20:33

**BusterSci** Fortunately for Giro watching, that's generally the easiest one to get a good European stream for.

09-19-2020  
09:21:42

**Katie S** I lament losing free access to RAI to be able to watch the Giro in Italian.

09-19-2020  
09:22:29

**Tim in KY** Giro will be on Flo.

09-19-2020  
09:22:44

**Katie S** Mons - or anyone - any idea how to get it via RAI? Tim, is the Flo broadcast an English-language feed?

09-19-2020  
09:23:19

**Charlie in Tenn** Hello.

09-19-2020  
09:23:26

**BusterSci** Flo is all English language

09-19-2020  
09:23:41

**Charlie in Tenn** Flo should be english

09-19-2020  
09:23:52

**Mons Soseman** I have a great tv but my predecessor threw away the remote, in favor of the Dish remote.Â That means I cannot access a lot of the features.Â If I could, I would subscribe to RAI and get their 9 channels or whatever.

09-19-2020  
09:25:04

**BusterSci** What brand TV? Â Most you can get a new remote very cheaply.

09-19-2020  
09:25:34

**Mons Soseman** I suppose if you could emulate an Italian ISP, you can see it free on RAI 2

09-19-2020  
09:25:54

**Mons Soseman** online

09-19-2020  
09:26:00

**Charlie in Tenn** I am watching butts and parts of Tirreno-Adriatico this morning. 50 to go on stage 7 right now..

09-19-2020  
09:26:03

**Mons Soseman** Yes, BusterSci, I have thoroughly investigated those possibilities...

09-19-2020  
09:26:20

**Katie S** "emulate an Italian ISP" ... uh-huhhhhhhhh

09-19-2020  
09:26:35

**BusterSci** Charlie, in this day and age you don't admit you're watching butts. 09-19-2020  
09:26:36

**BusterSci** Katie, that's what a VPN is for, 09-19-2020  
09:26:48

**Mons Soseman** shhhhh

09-19-2020  
09:26:58

**Charlie in Tenn** You forgot, "Not that there is anything wrong with it." 09-19-2020  
09:27:07

**BusterSci** The Dish remote should also have a code to operate the TV 09-19-2020  
09:27:16

**Mons Soseman** Doesn't work with a vatican ISP

09-19-2020  
09:27:26

**Charlie in Tenn** You are just not using the right hackers. 09-19-2020  
09:27:57

**Mons Soseman** I can easily operate basic features on the TV with the DISH 09-19-2020  
and the DVD remote.Â I had to figure some of that out.Â I am not able to  
operate the menu to connect to wireless, etc... 09:28:26

**Mons Soseman** So, I am thinking of moving this TV to the hall for eventual 09-19-2020  
use with adult ed, and then just getting a new one for the house...Â I will wait  
until post COVID to seek a donor.Â :) 09:29:30

**Charlie in Tenn** Mons, I understand. We had free TV with our cable 09-19-2020  
purchase and I could never get it to work. Technology is tough. 09:29:38

**Charlie in Tenn** Free local over the air channels may clarify that. 09-19-2020  
09:30:14

**BusterSci** This is why everyone over 50 needs regular visits from 12 year 09-19-2020  
olds, 09:30:16

**Mons Soseman** I had never heard of Hisense brand tvs, I think it is a Walmart "made in America" import from China

09-19-2020  
09:30:23

**Charlie in Tenn** Word

09-19-2020  
09:30:29

**Katie S** I was allowed to have an old B&W TV in my bedroom as a teenager. If I lay in my green vinyl beanbag chair and extended my feet under the stand, the reception improved. This is the extend of my TV wizardry.

09-19-2020  
09:30:31

**Mons Soseman** Dish also touts free "over the air" channels, but we have no "over the air" channels here, 60 miles from Peoria and the Quad Cities, 100 from Chicago.

09-19-2020  
09:31:24

**Tim in KY** Remi still has a 2:07 lead.

09-19-2020  
09:31:27

**BusterSci** Hisense is the parent company that sells Hitachi, Toshiba and Sharp in the US.

09-19-2020  
09:32:32

**Mons Soseman** It's like "doctor, when my arm heals can I play the violin" "yes" "good because I could never play the violin before..."Â Not having hillbilly cable (as my sister calls teh abundant over the air channels) doesn't improve just because Dish covers over the air.

09-19-2020  
09:32:32

**Charlie in Tenn** We just tossed my brother's Green vinyl bean bag from the 70s last year. Of course, it had not benn used much between the early 80s and 2015.

09-19-2020  
09:32:36

**BusterSci** Lucky here on OTA. Â All the MSP broadcast antenna are either within a couple miles or located 30 miles away in one cluster, directly aligned with my attic. Â I get 60ish channels OTA, about 8 of which are worth watching.

09-19-2020  
09:34:15

**BusterSci** The big thing about the time gaps we're seeing is guys like Rog and Dumoulin ride a TT like Cavagna and a lot of the other guys ride the TT more like the cluster at 6 minutes back. Â There could be HUGE changes in the GC today.

09-19-2020  
09:36:09

**Katie S** and those are???

09-19-2020  
09:36:09

**BusterSci** 2 of the PBS channels, the main networks, and a few of the

09-19-2020  
09:37:25

secondary channels.

**Katie S** Peter rolling in

09-19-2020  
09:38:11

**BusterSci** I can do without the 17 religious channels and the 9 home shopping channels.

09-19-2020  
09:38:50

**Mons Soseman** My brother always has on Ion television, and he changes the channel when he visits. Anyway, My Dish remote brings up the TV menu, but when I try to use the up or down select buttons, it changes the channel on the TV and closes the menu...

09-19-2020  
09:39:08

**BusterSci** Sounds like it's time for an "accident", Mons

09-19-2020  
09:40:35

**mmcally** More motor vehicles on the course at the Tour of Luxembourg today. Second time this week. Today a truck was on the course coming towards the riders, which caused many to go down. Makes you wonder how that race is allowed to get a future license.

09-19-2020  
09:40:58

**mmcally** [https://twitter.com/cw\\_unique/status/1307309748807761927?s=20](https://twitter.com/cw_unique/status/1307309748807761927?s=20)

09-19-2020  
09:41:00

**Mons Soseman** The QCA hillbilly cable offers 8 PBS, no religious... no home shopping. about 30 channels in all

09-19-2020  
09:41:14

**Mons Soseman** University of Iowa PBS also offers a radio feed on the tv.

09-19-2020  
09:41:46

**Mons Soseman** Like I said, I will probably repurpose this TV and get another...

09-19-2020  
09:42:50

**BusterSci** We have 6 PBS feeds, but only 2.5 are worth watching.

09-19-2020  
09:47:22

**Tim in KY** You don't like PBS Kids?

09-19-2020  
09:48:45

**BusterSci** Nope.

09-19-2020  
09:48:58

**Mons Soseman** OK, I have done some research on the GIRO in Italian.Â At09-19-2020  
raiply.it you cannot follow today's stage of the Tour live, but you can watch  
the entire stage in replay via RAI 2's video feed 09:49:28

---

**Tim in KY** De La Cruz breaks one hour. 09-19-2020  
09:49:53

---

**Mons Soseman** Katie S, you could probably, I am assuming, watch the Giro 09-19-2020  
in replay via RAI 2, just not live, even without Italian style "fudging" or "fiddling"  
with the ISP 09:50:24

---

**Katie S** I'll give that a go. Thanks, Mons 09-19-2020  
09:51:00

---

**Mons Soseman** <https://www.raiply.it/video/2020/09/ciclismo-tour-de-france-2020-diretta-diciannovesima-tappa-19-Bourg-en-Bresse-Champagnole-1827d889-b046-497b-a9f3-c3a290baf62c.html> is the URL I am using right now to watch stage 19.Â Was that yesterday? 09-19-2020  
09:52:17

---

**BusterSci** Can you watch the Giro Rosa live? Â Asking for a friend. 09-19-2020  
09:52:25

---

**Tim in KY** How do the riders get down the mountain? 09-19-2020  
09:52:33

---

**Mons Soseman** I heard via Jan Ulrich's page, who was quoting an Italian 09-19-2020  
site, that it might be possible to watch the GiroRosa live this year.Â If you  
have a drone. 09:53:15

---

**Mons Soseman** Thats what a friend told me. 09-19-2020  
09:53:48

---

**Mons Soseman** Good question Tim.... 09-19-2020  
09:53:57

---

**Katie S** Drones 09-19-2020  
09:57:11

---

**BusterSci** There looks to be another road a couple km down from the peak. 09-19-2020  
Â Maybe, like a lot of mountain finishes, they ride down to the cross road and  
go from there. 10:00:05

---

**Charlie in Tenn** You can go to steephill.tv and look on the Giro page. At the 09-19-2020  
10:00:42

bottom is a list of all of the world feeds. With a VPN, you might find one or two that you can watch. Most are the same feed but using different commentators. A second option is to use pirate <https://tiz-cycling-live.io/> It usually works but sometimes has problems live.

**Katie S** So ... I will miss the big guns on this stage. Silly me, I signed up for a DIY race up one of our big hills hereabouts. It's a fundraiser for an agency that helps homeless men here on the Coastside, and the T-shirt is super cool. I never intended to actually ride the ride, but my 16-year-old nephew got wind of it and signed up, and so now I am actually going to do this thing. I used to ride this road all the time, but it's been several years now. 8 miles, 2000 feet of elevation. I will not be using a time trial machine.

09-19-2020  
10:02:04

**John** Have fun Katie!

09-19-2020  
10:02:40

**Mons Soseman** May the wind be at your back Katie. Godspeed AND God Bless

09-19-2020  
10:02:49

**Mons Soseman** If you have the TV feed, you just saw a rider approaching the "finishing line" and his team car behind being directed onto a side road

09-19-2020  
10:03:34

**Mons Soseman** Alaphillipe has become WSF

09-19-2020  
10:04:56

**Mons Soseman** World's solemnest Frenchman

09-19-2020  
10:05:06

**Mons Soseman** with that serious look, with the closeup on his face, I thought for a moment that he was Sagan...

09-19-2020  
10:05:29

**John** McCrossan said the cars go back down the course for 2km and then head down the other side of the mountain. It's why the road is half blocked at the top. Assume the riders go that way too.

09-19-2020  
10:05:38

**Tim in KY** We walked to the farmers market this morning to get apples. There were no apples to be had! 2.5 mile walk and nothing to show for it but the exercise.

09-19-2020  
10:10:49

**BusterSci** The side roads nearer the finish are not thru routes. They're more like drives that go to other parts of the mountain top.

09-19-2020  
10:11:05

**BusterSci** Sounds worth it to me, Tim! Our closest FM is about 8 miles round trip.

09-19-2020  
10:11:35

**BusterSci** Prepare yourself for an hour of watching Pinot.

09-19-2020  
10:14:27

**Trish in MA** I got my 7 mile run in and am going for apples, eggs, and other food stuffs at the farmer's market later. Â Lovely fall morning. Â Good luck, Katie!

09-19-2020  
10:14:29

**John** Have you heard itâ€™s Pinotâ€™s hometown? ;)

09-19-2020  
10:16:19

**John** They only mentioned it a few dozen times

09-19-2020  
10:16:34

**BusterSci** But he's not a former ski jumper, so ðŸ˜ƒ.â€™s,ï,

09-19-2020  
10:16:45

**Charlie in Tenn** Glad I am watching A-T

09-19-2020  
10:16:50

**Trish in MA** I shall avoid that and go to the farmers' market now.

09-19-2020  
10:17:02

**BusterSci** What's A-T, Charlie?

09-19-2020  
10:17:35

**BusterSci** I hope Pinot ca ride a good TT. Â I still think he's a potential winner if he can stay in one piece for three weeks

09-19-2020  
10:20:32

**Charlie in Tenn** replay of T-A. sorry

09-19-2020  
10:21:10

**BusterSci** Ah. Â OK. Â I just can't get myself to watch a replay. Â I've queued up the Giro Rosa replays just to add to it's viewership numbers, but I get no joy from replays. Â Wish I did, sometimes.

09-19-2020  
10:22:45

**BusterSci** To plan your activities: Â Wout starts in 12m. Carapaz in 25, Dumoulin in 33, and then the rest.

09-19-2020  
10:25:55

**BusterSci** I expect Wout to be the next rider to put in competitive times.

09-19-2020  
10:26:30

**Charlie in Tenn** I can watchÂ big chunks of those that I have not followed. I am just watching the finishes of the sprints and the last 30-50 kms of the hillier

09-19-2020  
10:26:56

ones of T-A. .

**BusterSci** I like Rigo. What he did, sticking with Argyle when he could have jumped, has made me a fan.

09-19-2020  
10:28:34

**BusterSci** DeGendt coming in Top 10

09-19-2020  
10:28:51

**BusterSci** 6th

09-19-2020  
10:28:56

**BusterSci** 2:11 back

09-19-2020  
10:29:00

**BusterSci** A dude who knows how to suffer on his own.

09-19-2020  
10:29:14

**Charlie in Tenn** For anyone that wants to re-watch any of the bigger races, TIZ has replays of many, many races. Usually the full race and then a shorter version. Of course with all the races packed into the next month it is a good resource for the ones you miss.

09-19-2020  
10:29:26

**Tim in KY** Pinot really needed a lung full of pink smoke.

09-19-2020  
10:30:47

**BusterSci** Wow. Â Big support for Pinot

09-19-2020  
10:30:48

**BusterSci** Pinot not looking horrible. Â He should do better on the climb

09-19-2020  
10:35:16

**BusterSci** Wout in the start house

09-19-2020  
10:35:47

**BusterSci** Quiet cow ski on a. good ride

09-19-2020  
10:37:04

**BusterSci** Is there a better nat'l champs jersey than the Belgians?  
Â Especially on the black.

09-19-2020  
10:37:33

**BusterSci** I wonder what being on a team like Sky or Jumbo does for one's TT numbers? Â They really focus on it and have the knowledge to get the most out of a guy.

09-19-2020  
10:39:25

**BusterSci** Higuita Monster looking good.

09-19-2020  
10:39:33

**Tim in KY** We haven't seen Pinot in a while.

09-19-2020  
10:44:22

**BusterSci** Nope. Â Just a quick look there. Â I'm impressed

09-19-2020  
10:44:38

**BusterSci** Pinot passes Bennett

09-19-2020  
10:46:38

**BusterSci** That's his 2 minute man

09-19-2020  
10:46:48

**BusterSci** Kuss is off

09-19-2020  
10:46:51

**BusterSci** As mentioned a couple days ago, his TT is why he's not in the mix for GC leadership

09-19-2020  
10:47:18

**BusterSci** Wout is just rock solid on the TT bike

09-19-2020  
10:47:41

**Katie S** Depending on how you pronounce the words: Stout Wout

09-19-2020  
10:48:46

**BusterSci** Barguil

09-19-2020  
10:48:46

**BusterSci** Stoat Wout?

09-19-2020  
10:49:10

**BusterSci** Carapaz on the road

09-19-2020  
10:51:01

**BusterSci** On a geek bike

09-19-2020  
10:51:05

**BusterSci** I was wrong

09-19-2020  
10:51:11

**BusterSci** Eejit almost hit by the team car following Pinot

09-19-2020  
10:52:12

**Tim in KY** I was hoping..

09-19-2020  
10:52:28

**Tim in KY** I'm surprised by the geek bike.

09-19-2020  
10:52:47

**BusterSci** Waiting for a Wout time

09-19-2020  
10:53:20

**BusterSci** Doom getting ready

09-19-2020  
10:54:06

**BusterSci** Wout in at 39 seconds

09-19-2020  
10:54:28

**BusterSci** At the first check

09-19-2020  
10:54:35

**BusterSci** gc10: Valverde up next

09-19-2020  
10:55:44

**BusterSci** Not horrid for D Martin.

09-19-2020  
10:56:18

**Katie S** and.... I've got to get to my own start house. See you all tomorrow.

09-19-2020  
10:56:25

**Mons Soseman** Well, St. Januarius' blood has liquefied once again on his feast.Â I guess Naples is spared Vesuvius once again.Â Happy feast day!  
Â Â Â I piddled away my time this morning, so now essay.Â I will see you briefly tomorrow.

09-19-2020  
10:56:37

**BusterSci** Bilbao also rock solid

09-19-2020  
10:57:18

**Donny** Morning Â Paint dry yet?

09-19-2020  
10:58:09

**BusterSci** Nope. But the grass is growing.

09-19-2020  
10:58:33

**BusterSci** Tom is off

09-19-2020  
10:58:47

**Donny** In this tour we all have seen plenty Of dudes on bikes very skinny itâ€™s been a fight between Roglic and PogÅ The final time trials a slogÅ Finally a tour not about Innies

09-19-2020  
10:58:47

**BusterSci** Pinot gets his road bike

09-19-2020  
10:59:24

**BusterSci** Looks very fluid climbing

09-19-2020  
10:59:42

**BusterSci** He's 2:21 back at the base of the climb

09-19-2020  
10:59:53

**Tim in KY** Why does it say "TIZ" on the road?

09-19-2020  
11:00:05

**BusterSci** Advertising

09-19-2020  
11:00:22

**BusterSci** C'mon Rigo!

09-19-2020  
11:00:53

**Tim in KY** Gone for a few minutes.

09-19-2020  
11:01:04

**Charlie in Tenn** TIZ.TV has a regular at the tour this year. Man on the Street kinda thing.
