

 **Tim in Ky** TdF stage 5 is the first of only three mountain-top finishes in this year's Tour. It's 160.5 kilometers from stage 4 finish to, Vittel, to the summit of La Planche des Belles Filles in the Vosges mountain range. 07-04 13:11

 **Tim in Ky** Before the final climb there is only some lumpy terrain and a Cat 3. The Cat 1 La Planche des Belles Filles is 5.9 km averaging 8.5% but has section at 11%, 13% and finally 20% right at the summit 07-04 13:18

 **RSoseman** So, is Sagan still out? 07-05 05:47

 **RSoseman** Are there race radios? 07-05 05:48

 **BusterSci** Yes 07-05 06:15

 **BusterSci** I'm sorry, didn't catch the last question. 07-05 06:15

 **Tim in Ky** I really don't want to discuss yesterday. Nothing will change and no minds will be changed. That's why we have Facebook. 07-05 06:37

 **memb54** Morning, everyone. Once again work interferes in my TdF and I missed all 07-05 06:52

the action. I'll join you for a pint on Friday, when all my visitors have left. Have a great day, and enjoy the ride.

 **Rob** So do we think there will be a shake up in GC today? 07-05 07:03

 **BusterSci** Some sorting, but no shakeup 07-05 07:04

 **Tim in Ky** I think there will be big changes. There are eight or nine riders in the top 07-05 07:06  
ten who won't be there tonight.

 **BusterSci** The sprinters, TT specialists and classics guys in the top 20 will fall down. 07-05 07:06  
(wrote this but the dog distracted me before sending.)

 **Trish in MA** Morning, all. I missed all the action yesterday. Thank heavens I can go to 07-05 07:08  
work where nothing will distract me from the Tour.

 **BusterSci** If you want to avoid talk of yesterday then you definitely don't want the 07-05 07:12  
audio on.

 **BusterSci** I'll let you know when NBCGold moves to other topics. 07-05 07:13

 **BusterSci** Sorry, Beech trees. 07-05 07:58

 **Tim in Ky** That's boring. 07-05 07:58

 **BusterSci** Sheep 07-05 08:18

 **BusterSci** Daniel Friebe tweets: Pretty easy decision for BMC to go supersonic before 07-05 08:19

 **Joanna in New York** So, for anyone who had difficulty logging in yesterday 07-05 08:21  
(me/Mons), Rumbledtalk was working on the system, and may be doing so for a little bit. If you encounter a bizarre feed, just log out and in a few times - that seems to fix it. Highly technical approach, I know...

 **Tim in Ky** Like the early '70s. 07-05 08:21

 **BusterSci** I had that "bizarre feed" issue twice during the Giro. It was not only bizarre, 07-05 08:22  
it violated our basic content restrictions to an excessive degree.

 **BusterSci** Katie is making a cow udder. 07-05 08:22

 **BusterSci** Some others are proposing that BMC wants Thomas to stay in yellow. The 07-05 08:24  
longer he keeps yellow, the harder Sky has to work later in the Tour and the more there may be tension within Sky. I buy the first part. Not so sure about the second part.

 **Joanna in New York** Katie, it looks like a Jester's hat. :) 07-05 08:25

 **Katie Lane** It'll be like that for awhile, Tim. Gonna try planting some stuff outside 07-05 08:39

before it becomes "air you can wear." 3" of rain yesterday, and that produced horrid humidity yesterday (after the rain) and it'll be the same today. At least there's no flooding right by my house, but if I ride today some of my routes may require cross training (swimming).

 **Tim in Ky** I would like rain. Maybe an inch would do. 07-05 08:41

 **Charles Davis** Nice. 07-05 08:41

 **Katie Lane** OK, here is what the first folded up thing ended up being. Is this Tour de 07-05 08:41

France-y enough? (It's not dry yet, but I was able to get a picture after dye fixative step and spin cycle in dryer). Husband liked it better without the painted on petals, but I pointed out that if you didn't know what it was it was just 3 brown and black circles on a mostly yellow background...

 **BusterSci** I agree with both you and your husband. 07-05 08:42

 **Katie Lane** Again, a prototype, but it gives me ideas about what I can do better / 07-05 08:43

different next time.

 **BusterSci** If I was wearing it I would have gone without the petals. If I was selling it 07-05 08:43

I'd go with. Because I don't much care if others know what I'm wearing or why.

 **Katie Lane** I tried to make bicycle wheels once (so I could "paint on" a bike), but they ended up looking like squashed donuts. 07-05 08:43

 **Charles Davis** Penguins wearing flowers is wierd. 07-05 08:44

 **Tim in Ky** There used to be a picture of me wearing a tie dye shirt. It mysteriously disappeared. 07-05 08:44

 **Joanna in New York** I believe someone mentioned "sunflowers" earlier in the feed...ahem. 07-05 08:45

 **KinPA** I was at one event that had tie-dyed shirts; not so much an issue...except I was wearing camo on bottom. 07-05 08:45

 **Trish in MA** Katie, you are inspiring me to try to finish knitting the TdF scarf I started 2 years ago. 07-05 08:45

 **Joanna in New York** You are very talented, Katie. In my tie-dyed youth, it was just random colors. 07-05 08:46

 **Katie Lane** I make camo tie dye! 07-05 08:46

 **Katie** Good morning, all. I'm disappointed we can't discuss TETCBD (The elbow that can't be discussed). Hello, Katie! 07-05 08:46

 **Trish in MA** I saw a lot of tie-dye on old bald men at a Dead & Company concert at Fenway Park two weeks ago. 07-05 08:47

 **Charles Davis** You would 07-05 08:47

 **Joanna in New York** I think that is mandatory, Trish. 07-05 08:47

 **Katie Lane** //rumbletalk-images-upload.s3.amazonaws.com/61922326bc2ef459e5ed5de71ef53a57/1499259137-DSCN6036.JPG 07-05 08:47

 **Charles Davis** Speaking of which, I still have a tie-dye shirt that I wear. 07-05 08:47

 **Tim in Ky** Katie, you can discuss elbows on Lugnuts Facebook. 07-05 08:48

 **Joanna in New York** I don't like to draw attention to myself, so since I do not have an invisibility cloak, I wear black and white almost exclusively. There's a little insight into my psyche. 07-05 08:48

 **BusterSci** If it's comfortable, I'll wear it. 07-05 08:49

 **Katie Lane** I will "tidy up" the Lugnuts league shirts over the next couple of weeks. If anyone else has any ideas of T de F -themed shirts I could try, please let me know! To be interesting it has to have different colors and patterns. 07-05 08:49

 **Katie Lane** (...couple of weeks...) 07-05 08:49

 **Trish in MA** //rumbledtalk-images-upload.s3.amazonaws.com/61922326bc2ef459e5ed5de71ef53a57/1499259321-IMG\_8697.jpg 07-05 08:50

 **Katie Lane** You could be a flower-wearing penguin.... or a flower-holding penguin... 07-05 08:50

 **Katie Lane** OK, enuf on that... just wanted to show what I've come up with. Feedback appreciated if you're so inclined.... you can FB message me. 07-05 08:51

 **BusterSci** Jo. Black and white? So you fit in with both Buster and Mons! 07-05 08:51

 **Katie Lane** So, who do y 07-05 08:51

 **Tim in Ky** Sprites. 07-05 08:51

 **BusterSci** I y. 07-05 08:52

 **Katie** I don't do FB. But I did do tye-dye once ... in the fifth grade, our teacher (who couldn't have been more than 23) had us all over to her house to do tye-dying. Can you imagine having 30 10-year-olds at your house and unleash them with dye? 07-05 08:52

 **Katie Lane** So, who do y'all think will win today's stage up the Plank of Beautiful 07-05 08:52

Girls?

 **Tim in Ky** Aru. 07-05 08:53

 **Joanna in New York** Oooh, yes! B/W for Buster, Mons and Jo. :) 07-05 08:53

 **KinPA** Did you see a werewolf, Tim? 07-05 08:53

 **BusterSci** I think Pierre Rolland will make every effort to win today. He has to polka 07-05 08:54

dots in mind, and the double points on a finishing climb suits that. He also won't be perceived as a threat, so he may get away. That's a prediction of an attempt, not necessarily a win.

 **Katie Lane** I can't imagine grades around 11%. I get off and walk at around 10% 07-05 08:55

unless it's a very short stretch, usually after a prolonged period of gurning.

 **Katie Lane** Today's profile makes me gurn just looking at the final climb... 07-05 08:55

 **BusterSci** The only thing I do at 11% is Belgian beers, and I often fall asleep before I 07-05 08:56

finish one.

 **Katie Lane** I kinda think maybe Pinot will try something today. Landa has said he 07-05 08:56

doesn't know if he has the legs after the Giro... Thomas will not stay in yellow, and the polka dot jersey will change hands too.

 **Rob** Is Uran in the tour? 07-05 08:57

 **BusterSci** Heart: Rolland. Head: Porte. 07-05 08:57

 **BusterSci** Uranabanana is riding. 07-05 08:57

 **Joanna in New York** It's "Food Talk"... 07-05 08:57

 **Tim in Ky** Rob, yes. 07-05 08:58

 **Katie Lane** Uran and Rolland both riding in Le Tour for Cannondale-Drapac 07-05 08:59

 **BusterSci** Peloton is single file. 07-05 09:00

 **BusterSci** I find it fabulous that we have greater participation on work days than on weekends and holidays. I wonder if LUG saw the same pattern? 07-05 09:01

 **Joanna in New York** Sadly, I must take my leave. Lessons need to be taught, will be with you tomorrow AM. Jo 07-05 09:03

 **Charles Davis** Seems like LUG talked about the busiest days being the weekends with Mt top finishes. 07-05 09:03

 **BusterSci** Stickin' it to US worker productivity rates, one Tour stage at a time. 07-05 09:03

 **Tim in Ky** Peloton nearing the feedzone. 07-05 09:04

 **BusterSci** Participation: They try to schedule the most interesting stages for the weekend, which raises participation. 07-05 09:05

 **Katie Lane** Jan Bakelants (AG2R-La Mondiale), Mickaël Delage (FDJ), Edvald Boasson Hagen (Dimension Data), Philippe Gilbert (Quick-Step Floors), Thomas De Gendt (Lotto-Soudal), Thomas Voeckler (Direct Energie), Dylan Van Baarle (Cannondale-Drapac) and Pierre-Luc Périchon (Fortuneo-Oscaro) have covered 47.8km in the first hour of racing. Still about 2 minutes ahead of the peloton. 07-05 09:06

 **BusterSci** But I wonder if start to finish coverage hurts participation for feeds like this. I know LUG had a lot of slow donation days last year. 07-05 09:07

 **Katie Lane** No high mountain finishes on a Saturday this year (we usually try to pick one for the big T de F gathering at our house, ribs and chicken for 50 to 70 people), but I think both ITTs are on Saturdays. The last ITT could shake things up if it's close, just like at the Giro. 07-05 09:07

 **Katie Lane** Ooops, they're at 84 km or so... the 47.8 km is the speed of the breakaway. 47.8 km/hour! (Just under 30 mph). 07-05 09:10

 **Charles Davis** I expect so. I have watched the live feeds for several years and 07-05 09:10

followed LUG and the PUB because of old internet friends. I doubt that we will ever pull in many new folks when they can watch live.

 **Trish in MA** The PUB allows me to follow along on the tour while sitting in my office 07-05 09:12

since I don't have computer access to a live video feed. But then, I also check in on the weekends because the PUB is fun.

 **BusterSci** Agreed, Charles. Honestly, this sort of open chat could be a problem with 07-05 09:12

new people. Y'all self regulate well. Wider participation would eventually mean problems.

 **BusterSci** 2:17. 74.3km 07-05 09:12

 **Katie Lane** Like the 700c guy or whatever his LUG name was... 07-05 09:13

 **Marc @ Toad Hall** At least he gave us the NRRBBB term. 07-05 09:13

 **Katie Lane** Starting to get lumpy now.... I'm sure the sprinters are all looking forward 07-05 09:14

to the next bit of the route.

 **KinPA** Wider participation? What's wider than allowing penguins to participate? 07-05 09:14

 **Katie Lane** I thought NRRBBB started before 700c. But yeah, I don't miss him. 07-05 09:14

 **Marc @ Toad Hall** You may be right, Katie, now that I think of it. 07-05 09:15

 **Katie** LOL, KinPA! Not only do we allow penguins, we actually agree to FOLLOW 07-05 09:15  
one.

 **Bill Wilkinson** And there'd probably be too much, Where's HWSNBN? Are they using 07-05 09:15  
Radios?

 **Katie Lane** (I changed my avatar to black/white/gray shirt for Buster, Mons and Jo. 07-05 09:15  
It's really a "panda" shirt.

 **Katie Lane** We've already had that today, Bill! 07-05 09:16

 **BusterSci** I think we have little idea how many trolls LUG never let through. 700c 07-05 09:16

dude was still a cycling fan and participated fine for some time. He was just unhappy with the politics. There was a lot more that was just plain trolling.

 **Katie Lane** Maybe this year it can be, "Where's Sagan?" 07-05 09:16

 **Bill Wilkinson** See what I miss when I get a late start? 07-05 09:16

 **Alison Quarles** I'm now caught up with today's chat. 07-05 09:17

 **Katie Lane** What, there's a race going on? 07-05 09:17

 **BusterSci** No race. Not yet. Just a ride through France. 07-05 09:17

 **KinPA** Bill W, to answer your last question, no they're not; all the Radios are in a Shack 07-05 09:18

 **Gilliemarie** Good morning all 07-05 09:19

 **BusterSci** Hi, GM 07-05 09:19

 **BusterSci** Coming up on 70km to go, 2:11 the gap. 07-05 09:19

 **Katie Lane** Bonjour, Gilliemarie! 07-05 09:19

 **Charles Davis** Hi GM. 07-05 09:20

 **BusterSci** Our Cat 3 climb starts at about 55km, and I believe it is there that our race will come alive a little bit. 07-05 09:20

 **Charles Davis** BMC still keeping a short lease on the break. What is their plan? 07-05 09:21

 **KinPA** With all of the greetings, I can only imagine what this place would be like if George Wendt stopped by. 07-05 09:21

 **Katie** Keenan just gave teh birthdate of the white jersey category ... anyone born after 07-05 09:21  
Jan. 1, 1992. HOW DO I CAP 1992????????? \*I feel so old...

 **Charles Davis** These kids are young. 07-05 09:22

 **Gilliemarie** Let's not even go there Katie! 07-05 09:22

 **Bill Wilkinson** KinPA I thought someone blew up all those shacks. When they closed 07-05 09:23  
the one in the mall in Johnstown, someone put plastic bags over the R and the hack, leaving "adioS"

 **Tim in Ky** 2 KU to go. 2:17 the gap 07-05 09:23

 **Trish in MA** Staff meeting awaits. Hopefully, I can check in later. 07-05 09:24

 **Bill Wilkinson** I missed Trish's message. Perfect opportunity for a Daffy Duck Robin 07-05 09:26  
Hood comment....

 **Charles Davis** Sprint coming up. None of the break probably care but some of the 07-05 09:28  
pack may actually race for the few remaining points.

 **Charles Davis** Congrats Maite for leading the fantasy league. 07-05 09:29

 **BusterSci** Now here's an explanation for BMC that I can buy. Porte knows they'll all 07-05 09:30  
get dropped immediately on the climb, so he may as well use them while he can.

 **Katie** I'm curious to see how Quintana decides to free-lance or how Movistar adjusts. I 07-05 09:32  
don't have high hopes, but I'm curious.

 **BusterSci** Quintana is being ignored, it seems. And a smart DS would let that continue 07-05 09:33  
as long as possible.

 **BusterSci** COWS 07-05 09:33

 **Katie** LOVE to see running cows. 07-05 09:33

	<b>BusterSci</b> You should watch me work out sometime.	07-05 09:34
	<b>Alison Quarles</b> :D	07-05 09:34

	<b>Marc @ Toad Hall</b> Tiz seems stable today.	07-05 09:40
	<b>BusterSci</b> Tiz. Tiz not. Tiz so.	07-05 09:40
	<b>Bill Wilkinson</b> Jens is surprised that the sprinters have stayed off the front of the main	07-05 09:41

bunch after the intermediate sprint

 **BusterSci** They know they'll be dropped on the climb, so if they can save a couple seconds off the front they'll have less catching up to do on the descent. 07-05 09:42

 **Bill Wilkinson** Grupetto off the front. That's new.... 07-05 09:42

 **Katie** I'm enjoying seeing Voekler out front on this climb. I'll miss his gurning. 07-05 09:43

 **BusterSci** Sttep and short. 07-05 09:44

 **BusterSci** Bakelants trying to create a buzz around himself that doesn't involve sexist comments. 07-05 09:44

 **BusterSci** Gap up to 2:33 at 52km 07-05 09:46

 **BusterSci** Delage, from the break, is caught by the BMC led peloton. 07-05 09:47

 **Bill Wilkinson** Well behaved crowds at the top 07-05 09:47

 **BusterSci** The eejits are all on the final climb today. 07-05 09:48

 **BusterSci** Bakelants has 15 seconds. More than enough time to put his foot in his mouth again. 07-05 09:49

 **Marc @ Toad Hall** Is Didi attending this year? 07-05 09:49

 **BusterSci** 50km. 2:50. 07-05 09:49

 **Bill Wilkinson** Yeah, I doubt anyone at roadside is following here. Our most likely guy is back in Rome. Nevertheless, props to the well-behaved. 07-05 09:49

 **BusterSci** I don't recall seeing Didi yet, but we just passed a guy in a cow suit. 07-05 09:50

 **Tim in Ky** Feed is back but it's fuzzy. 07-05 09:51

 **BusterSci** People posing as animals are weird. 07-05 09:51

 **Bill Wilkinson** There was a piece on Breaking Burgh last year comparing the Furries convention to the Kenny Chesney fans, as both were in town at the same time. The furries came out ahead.... 07-05 09:52

 **Tim in Ky** 24 in the Pub. That's the most so far. 07-05 09:59

 **Gilliemarie** Oh no! 07-05 10:17

 **Tim in Ky** 28 km, 2:26. 07-05 10:17

 **Katie** I'm guessing that gap will stay intact until the bottom of the big climb ... not sure that little bump before it would be the place to attack. Thoughts? 07-05 10:18

 **Mons Soseman** Ciao, are we that close? Ah yes, an ascent. 07-05 10:18

 **Mons Soseman** I am almost done with some thoughts. 07-05 10:19

 **Gilliemarie** I'm waiting to see what happens on that final climb Katie 07-05 10:19

 **Tim in Ky** I don't think so, Katie. 07-05 10:19

 **BusterSci** I suspect the gap will close as the peloton fights for position going into the 07-05 10:19  
climb. But they aren't interested in closing it until the climb itself.

 **Marc @ Toad Hall** Agreed, Buster. BMC does not want another, fresher group to take 07-05 10:20  
off.

 **BusterSci** Of course. by the time they hit the climb, any group will be fresher than 07-05 10:21  
BMC.

 **Katie** I do expect the break to break apart, though, because somebody's gonna want to 07-05 10:21  
try for it. Voeckler?

 **BusterSci** JV suggests that the BMC show of force could be an attempt to build 07-05 10:23  
confidence in Richie. "We're willing to do all this for you because we believe in you."
