

Tim in KY VaE Stage 18 is 186 kilometers long starting in northeastern Spain and further east. To avoid a very long transfer, the riders spent Wednesday night in Pamplona, which is halfway between the finish of stage 17 and the start town of 18. 12-Sep-2018

14:13:26

Tim in KY While not pan flat, the route has no categorized, or even challenging, climbs. The finish is flat. It should be a stage for sprinters. 12-Sep-2018

14:15:36

Tim in KY The final kilometers are equally unchallenging. There are three turns in the final 2 km, but they are sweeping and should pose no problem. 12-Sep-2018

14:18:46

Tim in KY Start is scheduled for 13:08 CET (07:08 EDT) with finish imagined at the magical time of 17:40 CET (11:40 EDT). Live video at about 15:00 CET (09:00 EDT). Forecast is for partly cloudy skies and temps in the upper 20s C. 12-Sep-2018
14:24:49

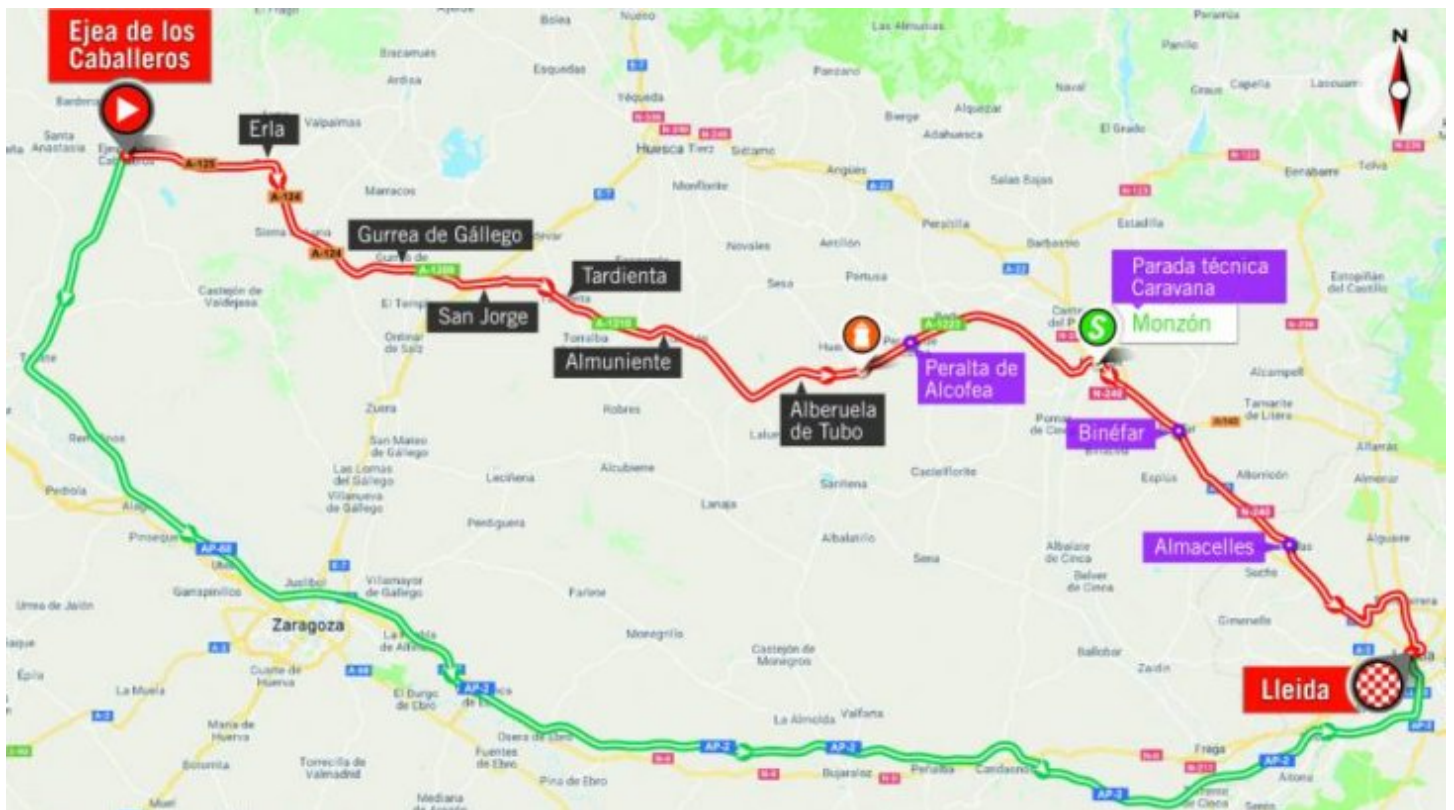

Tim in KY Two abandons yesterday, Simon Casulleras (Burgos) and Mark Padun (Bahrain). Padun is another victim of the crash after the finish of stage 12. Speaking of which, turns out Van Baarle broke his pelvis in that pile up. No OTL yesterday and, so far, no word of any DNS this today. 13-Sep-2018
06:18:05

Tim in KY So, here's what should happen today. At Km 0 a three man break is let go. QS, Bora, and maybe Trek mind the gap which never gets over five or six minutes. The break is brought back with 12 km to go. Viviani wins the sprint. Except, because Viviani is on my fantasy team, he'll have a mechanical with 3.1 km to go. 13-Sep-2018

Miren Brinkman Good morning. I really appreciate all your hard work.

13-Sep-2018
06:47:12

Miren Brinkman Who will win today?

13-Sep-2018
06:47:53

Tim in KY Interesting profile of the finish today. At 2 km to go the road drops 50 meters over just 200 meters.

13-Sep-2018
06:48:15

Miren Brinkman That looks like fun

13-Sep-2018
06:48:51

Tim in KY Viviani really ought to win today but any of the sprinters having a good day could beat him.

13-Sep-2018
06:52:17

Tim in KY Inner ears behaving this morning, Buster?

13-Sep-2018
06:53:30

BusterSci That dip gives someone a chance to get away and maybe power to the end.

13-Sep-2018
06:54:12

BusterSci Yes. Yes they are.

13-Sep-2018
06:54:17

BusterSci Thanks for asking.

13-Sep-2018
06:54:22

Tim in KY Right now at the start there is a 21 kph crosswind from the left. That could complicate things.

13-Sep-2018
06:58:05

Tim in KY And as I type that, it switches to a tail wind.

13-Sep-2018
06:58:45

Tim in KY We should be in neutral, but no word of it.

13-Sep-2018
07:00:16

 **BusterSci** If I have any GC hopes today I glue myself to the back of a QS rider. 13-Sep-2018 07:01:21

 **Tim in KY** You lost your other sprinter. 13-Sep-2018 07:02:26

 **BusterSci** I'm thinking more about echelons. QS will be more than happy to blow things up in echelons for Mas. You can bet Valverde will not get caught out. 13-Sep-2018 07:02:50

 **Tim in KY** The race that started so well for Cofidis has really gone to hell in a hand basket over the last week. 13-Sep-2018 07:04:08

 **Tim in KY** Yes, QS does love a good crosswind. 13-Sep-2018 07:04:24

 **BusterSci** I think Cofidis would rather have the ups and downs than just being invisible as they have been for years. 13-Sep-2018 07:05:28

 **Tim in KY** Ever since the Ol' Moncoot retired. 13-Sep-2018 07:06:30

 **Tim in KY** Neutral started 7 minutes late, but it's short today. 13-Sep-2018 07:07:51

 **BusterSci** Fabio Aru's tweet re: his behavior after the crash has suffered from machine translation, I think. "I apologize for the reaction I had but I was shocked with adrenaline and fright... falling to 70 km/h is bad. The important thing is that nothing too serious has happened. I violently beat the lower back and the buttocks. After the nightwe'll make the point of the situation." 13-Sep-2018 07:08:24

 **Tim in KY** Brutalized is a better word than suffered, I think. 13-Sep-2018 07:10:06

 **Tim in KY** Speaking of language, we've gone from Basque to Catalan overnight. 13-Sep-2018 07:12:54

 **BusterSci** I suspect it was team management that violently beat his buttocks. Ernesto Colnago was not pleased with Aru's complaints about his bike. 13-Sep-2018 07:13:47

 **Tim in KY** Did you see him after the crash? The road really did a number 13-Sep-2018 07:15:05

on his butt. And shorts.

 **BusterSci** Yeah, I did. More a comment on the fact that he had to apologize for offending a sponsor. 13-Sep-2018 07:16:40

 **Tim in KY** Finally, Km 0. 13-Sep-2018 07:18:16

 **BusterSci** I really think the guy should be cut some slack after a crash like that. On the other hand, when you hear/see the things the Aqua Blue guys had to say about their bikes, maybe some teams and equipment sponsors should pay more attention? 13-Sep-2018 07:19:12

 **Tim in KY** What did A Blue ride? 13-Sep-2018 07:20:14

 **Tim in KY** And, speaking of that team, what is Warbasse going to do next year? 13-Sep-2018 07:21:38

 **BusterSci** 3T with a single chain ring. 13-Sep-2018 07:22:23

 **Tim in KY** Jelle Wallays (Lotto Soudal), Sven Eryk Bytrom (UAE Team Emirates) and Jetse Bol (Burgos-BH) have 0:25. 13-Sep-2018 07:22:59

 **Tim in KY** Now 0:45. 13-Sep-2018 07:23:46

 **Tim in KY** Now a minute. 13-Sep-2018 07:23:57

 **Tim in KY** Bol is "best placed" at 2:49:47. 13-Sep-2018 07:25:36

 **BusterSci** Are guys going to try to bridge? 13-Sep-2018 07:25:58

 **Tim in KY** Nah. 13-Sep-2018 07:26:10

 **Tim in KY** 1:34. 13-Sep-2018 07:26:22

BusterSci Eddie Dunbar got signed by Sky. I believe he's the first Aqua Blue guy to get a new contract.

13-Sep-2018
07:26:36

Tim in KY 2:36.

13-Sep-2018
07:31:35

Tim in KY Needs to get out to five to fulfill my prediction.

13-Sep-2018
07:32:35

Tim in KY QS on the front. Shocking.

13-Sep-2018
07:36:34

Tim in KY About 20 km in now. 3:02.

13-Sep-2018
07:42:28

Tim in KY Trek has sent a guy to the front. Where's Bora?

13-Sep-2018
07:43:02

Tim in KY No DNS today. If there are abandons today it will probably be from boredom.

13-Sep-2018
07:45:08

Tim in KY Only 3:00? Guys, lighten up.

13-Sep-2018
07:49:58

Tim in KY Still a 21 kph tailwind.

13-Sep-2018
07:50:12

BusterSci May have less to do with a tight leash and more with everyone wanting to be toward the front when the course shifts and the wind comes into play.

13-Sep-2018
07:52:14

Tim in KY ASO just posted a picture of the front of the peloton. Not an MTS to be seen.

13-Sep-2018
07:54:16

BusterSci Maybe with a tailwind of that speed you can soft pedal and still go very fast?

13-Sep-2018
08:00:23

Tim in KY By the time of the sprint, the wind has died but right now it's still 19 kph crosstail from the left.

13-Sep-2018
08:01:42

Tim in KY 149 km. 2:35.

13-Sep-2018
08:02:08

Tim in KY We're just drying paint here Katie.

13-Sep-2018
08:07:15

Katie S I'm just reading your brush strokes...

13-Sep-2018
08:08:36

Katie S Re Aru, I used my Italian language skills to try to figure out what he really said about the "bici," but I could find no article in Italian that would tell me, nor could I make out exactly what he said to be able to look it up on Word Reference. Closest I got was a bit in La Gazzetta dello Sport, which said that

13-Sep-2018
08:10:58

Katie S probabilmente per un problema meccanico (emerso chiaramente dalle parole urlate in tv dal sardo verso il suo d.s. Matxin),

13-Sep-2018
08:11:00

Katie S "emerging clearly from the words yelled on TV from the Sardinian toward his director sportif"

13-Sep-2018
08:11:39

Charles Davis I wondered what Aru was yelling about. I have no concerns about him yelling at anything after that fall.

13-Sep-2018
08:14:00

Katie S me neither

13-Sep-2018
08:14:55

Charles Davis Tim, good crystal ball you got there. Well, at least an average ball, pretty much my shoe could have done almost as well.

13-Sep-2018
08:15:26

BusterSci I'm sympathetic to Aru, but none of us are paying money to him through his team to market our products.

13-Sep-2018
08:16:13

Katie S i often have wondered how many guys hate the equipment they have and covet their neighbors' stuff.

13-Sep-2018
08:17:06

Tim in KY Tail wind is down to 13 kph. Gap is down to 2:25.

13-Sep-2018
08:17:35

Tim in KY Just over 4 KU to go.

13-Sep-2018
08:20:26

Katie S I had a rather involved phone call meeting for the last 10 k of yesterday's race, so I missed finishing it with you all. Went back to watch immediately after and wow - what a great finish!

13-Sep-2018
08:20:48

Charles Davis I had to leave with the leaders about 14km from the finish. I was a good race. Woods was impressive but so was Teuns and Mas looks good for the future.

13-Sep-2018
08:23:34

Katie S Tim, our break is just 3 guys?

13-Sep-2018
08:24:30

Tim in KY Yup. The usual number for a sprint stage.

13-Sep-2018
08:25:05

Katie S Check. They're doomed.

13-Sep-2018
08:25:56

Tim in KY Indeed.

13-Sep-2018
08:26:58

Tim in KY I haven't seen the average speed for the first hour yet.

13-Sep-2018
08:27:20

BusterSci Aight. Yogurt in the fermenter. Nothing happening. Time for walkies.

13-Sep-2018
08:28:04

Charles Davis Studying the World Championship course this morning. Uh, I am not picking Sagan.

13-Sep-2018
08:28:20

Tim in KY The slowest imaginable speed is 39 kph.

13-Sep-2018
08:28:42

Katie S I will miss a chunk of today's paint-drying. I am going into the Big City to have my ancient Ford Exporer (271,423 miles) looked over by my mechanic ... yes, I could take it to any number of reputable mechanics here in my town, but German ("herman") has been working on my car since the turn of the millennium. I'll also take the opportunity to Go Out To Lunch with my partner, at Steph Curry's wife's restaurant. Big Day for me! Cannot wear sweats!

13-Sep-2018
08:28:50

Tim in KY Good call, Charlie.

13-Sep-2018
08:28:57

Charles Davis My shoe called that one.

13-Sep-2018
08:29:29

Katie S Buster - i am in the market for a yogurt maker. I'm tired of recycling all those plastic yogurt containers now that China doesn't want so much of our garbage. What make is yours, and do you like it?

13-Sep-2018
08:29:48

Tim in KY I have an errand to run. I should be pact about the time the paints starts drying live and in color.

13-Sep-2018
08:30:40

Charles Davis Katie, props on keeping a vehicle that long. German must be a very good mechanic and you a very good owner.

13-Sep-2018
08:30:55

Katie S I have come to love The Rig, as we fondly call it.

13-Sep-2018
08:31:58

BusterSci Dash yogurt maker. I think it was \$35. A yogurt maker is just a container that keeps milk at about 105F for the allotted time (8 hours, give or take.) No reason to get fancy.

13-Sep-2018
08:33:29

Katie S Thanks!

13-Sep-2018
08:34:13

Katie S I had hoped to fine one that would ferment grain as well, but maybe that's asking too much.

13-Sep-2018
08:36:37

Katie S ;-)

13-Sep-2018
08:36:48

memb54 I want to make Greek yoghurt as it's damned expensive here, and it's been put on my diet plan.

13-Sep-2018
08:38:46

Katie S Buster - can you make different types of yogurt with yours?

13-Sep-2018
08:41:10

memb54 Burgos-BH have a rider in the break but they are also down a man after Jordi Simon had to abandon the race. Simon was reportedly involved in a collision with a team vehicle, from another team, and left the race in an ambulance. The accident happened when he was making his way through the race caravan after stopping to sort out a mechanical issue. He is in the ICU but it awake and stable according to reports in the Spanish media. Copied from CyclingNewsLive

13-Sep-2018
09:01:13

memb54 I believe this happened yesterday.

13-Sep-2018
09:01:40

Tim in KY Yes, Maite, it was yesterday.

13-Sep-2018
09:02:30

Charles Davis team cars hitting riders is not a good thing.

13-Sep-2018
09:03:39

Tim in KY Gold is up.

13-Sep-2018
09:04:01

Tim in KY 3 KU 2:43.

13-Sep-2018
09:05:30

Charles Davis Just for kicks I will pick Sagan for today! He wants another win in the Rainbow jersey. This stage and Sunday are his last chances.

13-Sep-2018
09:06:03

Tim in KY Interesting thought, Charlie.

13-Sep-2018
09:07:12

Tim in KY Two MTS near the front now but Yates is way at the back.

13-Sep-2018
09:08:08

Tim in KY Still no Bora up front.

13-Sep-2018
09:08:30

Katie S And someone has to be Jo's second. Thanks for volunteering for duty, Charlie.

13-Sep-2018
09:10:24

Tim in KY Viviani is also near the back. No risk of crosswinds right now. The wind has died away.

13-Sep-2018
09:11:09

Katie S that means the paint will dry more slowly

13-Sep-2018
09:11:35

Tim in KY Still can find an average speed for the first hour.

13-Sep-2018
09:15:26

Katie S Do you have sufficient data to calculate it? When the flag dropped, what time it is now, and how much ground they've covered? (I'm not volunteering, btw)

13-Sep-2018
09:16:20

Tim in KY We don't know when the flag really dropped so we'ree all off the hook.

13-Sep-2018
09:18:48

Tim in KY Feedzone for the peloton.

13-Sep-2018
09:21:32

Tim in KY Now Bora sends Formolo up to help.

13-Sep-2018
09:22:33

Tim in KY Peloton completely lined-out but not really riding fast.

13-Sep-2018
09:24:58

Charles Davis The Team USA roster is as follows: Individual Time Trial 13-Sep-2018

Women: Amber Neben* (Lake Forest, Calif.; PX4 Sports) Tayler Wiles (Fairfax, Calif.; Trek Drops) Leah Thomas (Boulder Creek, Calif.; UnitedHealthcare Pro Cycling) Men: Joey Roskopf* (Decatur, Ga.; BMC Racing Team) Tejay Van Garderen (Aspen, Colo.; BMC Racing Team) ROAD RACE Women: Coryn Rivera* (Newport Beach, Calif.; Team Sunweb) Megan Guarnier* (Glen Falls, N.Y.; Boels-Dolmans) Alexis Ryan* (Ventura, Calif.; Canyon-SRAM) Katharine Hall (Saratoga, Calif.; UnitedHealthcare Pro Cycling) Tayler Wiles (Fairfax, Calif.; Trek Drops) Ruth Winder (Lafayette, Calif.; Team Sunweb) Leah Thomas (Boulder Creek, Calif.; UnitedHealthcare Pro Cycling) Men: Ben King* (Richmond Va.; Team Dimension Data) Sepp Kuss (Durango, Colo.; Team LottoNL – Jumbo) Brent Bookwalter (Asheville, N.C.; BMC Racing Team) Peter Stetina (Boulder, Colo.; Trek-Segafredo) Reserve: Nate Brown (Nashville, Tenn.; EF Education First-Drpac p/b Cannondale)

09:25:42

Charles Davis For the World Championship

13-Sep-2018
09:25:57

Tim in KY Stetina does not have a contract for next year.

13-Sep-2018
09:27:12

Charles Davis He should try to win the World Championship then.

13-Sep-2018
09:27:39

Charles Davis Or help Porte win it.

13-Sep-2018
09:28:13

Tim in KY Lotto S puts a man at the front. For whom?

13-Sep-2018
09:31:32

Charles Davis So does Team USA tab Ben King or Bookwalter as the leader. Sepp and Stetina will be the helpers I expect.

13-Sep-2018
09:32:10

Tim in KY Robbie says, "It should be a safe sprint. In theory."

13-Sep-2018
09:32:38

Charles Davis As for Lotto S, I have no idea.

13-Sep-2018
09:33:10

Tim in KY I'd go with King based on his Vuelta performance.

13-Sep-2018
09:33:27

Charles Davis Me too.

13-Sep-2018
09:33:37

Charles Davis However, if King goes on a long attack, which is how he has won at the Vuelta, the others can sit in and go for it at the end. If that happens Kuss may be the better choice.

13-Sep-2018
09:35:51

Tim in KY Gap is stable at 2:00 for now. 77 km to go.

13-Sep-2018
09:37:18

Charles Davis The bunch never let these guys get any breathing room.

13-Sep-2018
09:38:56

Charles Davis Kirby just said Aru's chain locked up at full speed. That was why he was angry at his bike.

13-Sep-2018
09:40:24

Mons Soseman Good morning. Hows the race today?

13-Sep-2018
09:43:26

13-Sep-2018
09:47:01

-  **Tim in KY** Finally what? 13-Sep-2018
10:37:32
-
-  **Gilliemarie** Only 1 KU left! 13-Sep-2018
10:39:17
-
-  **Tim in KY** We got to that point much sooner than expected. 13-Sep-2018
10:40:53
-
-  **Donny** Well good morning, did I miss anything? based on the stage preview, kindly provided as always by Tim, I was not too worried about having to miss the first few hours. 13-Sep-2018
10:42:28
-
-  **Tim in KY** Gap is down to 2:07. 13-Sep-2018
10:43:55
-
-  **Tim in KY** We haven't even had a crash so far today. 13-Sep-2018
10:44:31
-
-  **Tim in KY** Burghardt is pushing the gap down. Under 2:00 now. 13-Sep-2018
10:47:11
-
-  **Marc @ Toad Hall** Now that we're in Catalonia, I must recommend J. H. Elliott's History in the Making (Yale, New Haven, 2012). The author specializes in Spain's early modern period, and especially the Catalan uprising of 1640. However, this is historiography, and it traces the changes of focus in writing history over the last 60 years. Fascinating stuff. 13-Sep-2018

-  **BusterSci** Just caught up, and regarding the question about Greek yogurt, it's just regular yogurt with much of the whey strained out. Most yogurt makers come with a strainer. 13-Sep-2018

-  **Marc @ Toad Hall** An oven with a pilot light did a decent job in my God School years. 13-Sep-2018

10:52:49
-
-  **BusterSci** Marc, that should work fine, although my yogurt maker only uses 20 watts of electricity, and pilot lights are giving way to electronic ignition. 13-Sep-2018
10:55:54
-
-  **Marc @ Toad Hall** Nostalgia. 13-Sep-2018
10:56:23

-
-  **Tim in KY** Earliest imaginable finish is at 17:27. that will get pulverized. 13-Sep-2018
10:56:23
-
-  **Marc @ Toad Hall** I've also adopted an electric kettle, which is a wonder. 13-Sep-2018
