Tim in KY “One third uphill, one third downhill, one third flat”. That’s how ASO describes the course. The uphill part is 9.7 kilometers averaging 4.3% and classified as a Cat 2. So, the fastest rider up it will get 5 KOM points. The course has many twists and turns, particularly in the last 6 km. Hopefully the turns aren’t actually as tight as they look on the maps.

Charlie in Tenn On Monday night, I pick Ganna, Remco, Pog, Del Toro, Ayuso, Foss, Arensman, Seixas, Riccitello in that order. My daughter has a dentist appt this morning so I will be leaving before 9 am.

BusterSci Tarling and Affini should give us good ideas of what the TT specialists can do. Don't see a name that strikes me as a prime climber on the road yet.

Charlie in Tenn Go Ganna. I don't have a fantasy team so I can just go with my heart.

07-21-2026
08:10:05 am

Charlie in Tenn Tarling 34.21 so the guessers were goon their prediction.

07-21-2026
08:16:45 am

Charlie in Tenn Kwiatkowski can still ride a TT pretty darn good.

07-21-2026
08:22:26 am

Rocket City Gal The middle-of-the-night UCI anti-doping patrol paid a visit to Remco Evenepoel last night.

07-21-2026
08:23:16 am

Rocket City Gal Funny how no one has tested the young Frenchman Seixas....

07-21-2026
08:23:37 am

Charlie in Tenn Very astute, RCG.

07-21-2026
08:24:21 am

Rocket City Gal It's against UCI rules to drug test between 11 pm and 6 AM unless a judge approves a court order. Apparently that's the case in the Pog/Vingo (and presumably Remco) testing. What we are told is that the middle-of-the-night testing is to look for microdosing of PEDs that would be cleared by morning.

07-21-2026
08:25:08 am

BusterSci The targeting has been very logical. Pog and Vingo on a climbing day, Remco on the ITT day. Without knowing the evidence presented, the test results, and what additional targeted testing might be coming it's as preliminary to whine about the testing as it is to whine about people doping.

07-21-2026
08:27:43 am

Rocket City Gal My guesses for good performances today are Evenepoel, Tarling, Arensman, Seixas, Pogacar, Foss, Ayuso, Hoole,

07-21-2026
08:29:02 am

McNulty and Artz. 2nd tier would be Lipowitz, del Toro, VdP, Plapp, Vaquelin, Vacek, Affini.

Rocket City Gal You'll note I didn't put Ganna in there. Maybe I should, maybe I shouldn't. I just don't think this profile suits him as well. Probably not Affini either.

07-21-2026
08:30:09 am

BusterSci Yes on Affini. He's finished out of the top 20.

07-21-2026
08:30:53 am

BusterSci Maybe not. PCS is bad today

07-21-2026
08:32:02 am

Rocket City Gal The 4 point weapon on my sixes TdF team today is Guernalec (Total Energies). It was either him, Gradek, or Kirsh, so I threw a dart at who I thought would be best in this sort of TT.

07-21-2026
08:32:19 am

BusterSci He's 10th right now

07-21-2026
08:32:23 am

Rocket City Gal The eye saga continues. Today will be my 5th visit to the eye specialist since last Monday.

07-21-2026
08:33:07 am

BusterSci Ganna misses Darling's time by a bit under 5s.

07-21-2026
08:34:14 am

BusterSci I think not having Tarling on the contenders or second tier list was an error. He's very good.

07-21-2026
08:34:32 am

Charlie in Tenn We are pulling for you to recover. I do hope it is sooner than later.

07-21-2026
08:34:45 am

Rocket City Gal Last Monday and Thursday things looked great and although there was zoster (shingles) around my eye, the eye dr didn't see viral changes inside the eye. That all changed drastically Saturday. Apparently the uveitis (inflammation of the iris) and keratitis (cornea) that can rear their ugly heads can happen even if you get on the antivirals super quick like I did often don't show up for a week and a half after the skin rash starts (7 days in my case).

07-21-2026
08:35:35 am

Charlie in Tenn I agree, I forgot about him as well.

07-21-2026
08:35:58 am

BusterSci The eye stuff sucks. Frau's mom dealing with some similar stuff. It's scary.

07-21-2026
08:36:01 am

Charlie in Tenn Off to the dentist with a reluctant and sleepy kid. See ya tomorrow.

07-21-2026
08:36:47 am

BusterSci Time to walk Ripley. We've got a low humidity, breezy morning under 70 degrees. That a first.

07-21-2026
08:37:02 am

Rocket City Gal It's gonna be a long haul, Charlie. While I could see that there was an eyechart (white rectangle on the wall) yesterday morning, I could make out none of the letters on it... or even that there were letters on it, other than there were some gradations in color between white and light gray. My eye pressure was sky high so now I'm on a 3rd eyedrop....

07-21-2026
08:37:03 am

Rocket City Gal The eye specialist says there's a good chance my vision will come back within a month or so. The steroid drops will continue for at least several months, and the antivirals at a lower dose for at least a year as that's shown to decrease recurrences and severity of recurrences (which I will be prone to forever). The absolutely great news is that the nerve pain went away quickly so that shouldn't be an issue long-term.

07-21-2026
08:40:14 am

Rocket City Gal So any of y'all who haven't looked into the Shingrix vaccine yet and are over 50 -- it could help you from going through something like this. 1 in 100 US adults get shingles every year. And in this country there's a 30% lifetime chance of getting it. 10-25% of cases will involve the eye. You can lose your vision. If it involves the ear, you can lose your hearing. And I have read that post-zoster nerve pain carries a huge risk of suicide especially in the elderly. I don't recommend the experiences of the last 2 weeks at all.

07-21-2026
08:44:12 am

Rocket City Gal Guernalec was going so well... perhaps he started too fast.

07-21-2026
08:48:09 am

Rocket City Gal He was leading at time point 2 but 4th by time point 3.

07-21-2026
08:48:33 am

Rocket City Gal Time to go do kitten stuff. I will have them through tomorrow or Thursday. They still have issues. I will miss them. This was only supposed to be for a couple of weeks anyway and we're well beyond that, and it seems like the best way for kittens to actually get approved for a vet visit with this rescue group is for the organization's founder to experience how bad things are firsthand. When she has to deal with the GI issues (now ongoing for close to 3

07-21-2026
08:54:21 am

months) for 4 kittens firsthand, their vet care will get bumped to priority. Which is what they need. Apparently other fosters saying, "they need to see the vet" for weeks and weeks isn't enough for her to pull the trigger. I will do better with less stress at this point anyway, and I am 100% convinced the stress of dealing with these kittens triggered the shingles.

Rocket City Gal My 4 pointer Guarnelec finishes 5th. That's not gonna be good enough. But hey....

07-21-2026
08:55:03 am

Alaska Dave Mads will not pedal in anger today.

07-21-2026
08:59:57 am

Katie S Good morning. RCG, I'm glad the nerve pain is gone. As for the race, starting on an ascent is just yucky, regardless how much trainer time there is before the start.

07-21-2026
09:18:53 am

Katie S In our cat health saga, we tried the inhaled steroid gizmo yesterday (a tube with a small silicone mask; the cat is supposed to breathe 10 times, observed by a little flap in the tube that flaps with each breath). Our cat held her breath. She didn't fight, maybe a squirm. She just held her breath and wouldn't breathe.

07-21-2026
09:21:58 am

Katie S What is the building on Armirail's jersey?

07-21-2026
09:23:14 am

Katie S Oh! Thanks, Bob

07-21-2026
09:23:29 am

Rocket City Gal Katie, one of the kittens in my last batch had respiratory issues. I had to try to figure out how to do nebulizer treatments on a kitten. That was interesting.

07-21-2026
09:23:48 am

Tim in KY Gaudi's cathedral in Barcelona from the look of it.

07-21-2026
09:24:20 am

Tim in KY Tomorrow's preview will be late today. I an afternoon doctor and Jo is working all afternoon.

07-21-2026
09:24:43 am

Rocket City Gal The first iteration was to try to put her in a carrier. Eventually I ended up putting her in a large tote bin for the treatments. Then afterwards I'd towel her off and warm her up, because her fur was damp. It was suboptimal but it kept her alive.

07-21-2026
09:24:49 am

07-21-2026
09:29:45 am

Katie S Oh my! But it worked!

07-21-2026
09:29:47 am

Katie S Ha! Ok, I'll look at the video a bit later. Thanks!

07-21-2026
09:31:46 am

Rocket City Gal Sorry, that was supposed to be a link and not a whole video. There are others that are probably better.

07-21-2026
09:31:48 am

Rocket City Gal Basically you pair the mask with treats and get them used to that. Then pair that with having it over their face and treats.

07-21-2026
09:33:41 am

Then add in the sound (without medicine) and treats. Then add the medicine. The nebulizer is terribly loud and scary. I felt bad but it really did help the kitten. I was suctioning her and putting in nose drops too. Fortunately there were only about 3 or 4 really bad days and then I could back way off and stop altogether.

Rocket City Gal Armirail with new best time.

07-21-2026
09:34:41 am

Rocket City Gal Next one to pay attention to is probably Vacek, 15 minutes or so from now.

07-21-2026

07-21-2026
09:43:01 am

Trish in MA Good morning, all. I am back from travels to the lovely (smokey and hot) upper Midwest. Got to experience an AQI of 700 in Chicago. Luckily, it was only 100 something when I went for a morning run. Spent yesterday catching up on the chat. RCG, sorry to read about the shingles. My Mom got them right at the start of COVID and all her vax-believing kids immediately went out and got the Shingrex shots.

07-21-2026

Rocket City Gal Welcome back, Trish! Heat AND smoke.... what could be better....

07-21-2026
09:51:01 am

Trish in MA Meanwhile, in New England we are enjoying the Red Sox's 14-game winning streak. My husband and I went to the 1st game of the 4-game sweep of the Yankees and we went to the last game of the 4-game sweep of the Rays.

07-21-2026
09:51:38 am

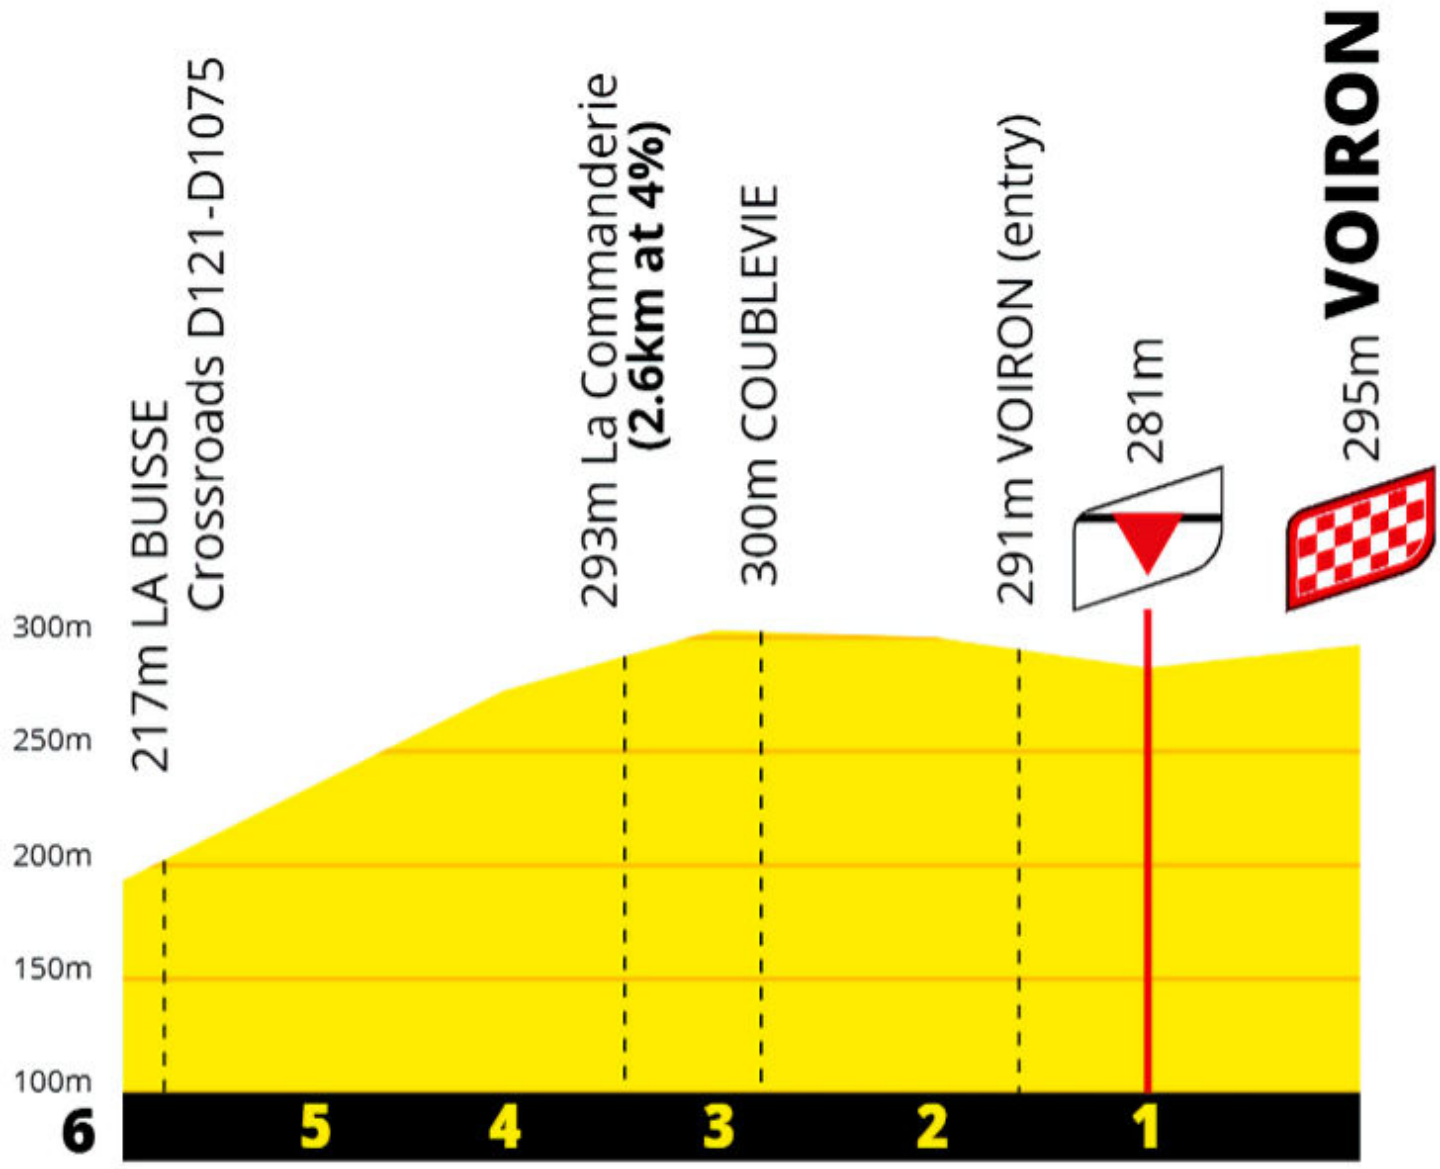

Rocket City Gal That profile for tomorrow looks like a Godon / VdP / Pedersen kind of finish.

07-21-2026
09:53:13 am

Rocket City Gal It will be a reduced bunch sprint. I don't think Godon will be in it because of how hard he crashed the other day, but these

07-21-2026
09:53:57 am

guys always surprise me with their resilience.

Rocket City Gal Warenskjold is another fast guy who can climb, but he's pretty beat up from that sprint crash also.

07-21-2026
09:54:44 am

Rocket City Gal Your thoughts on tomorrow's finale, Tim? Will it be one of the aforementioned guys, or will a break get away and stay away?

07-21-2026
09:55:29 am

Rocket City Gal The intermediate sprint is towards the end tomorrow, so I think the teams of Pedersen/ Philipson / Girmay will try to keep it close without too much of a leash.

07-21-2026
09:57:06 am

Charlie in Tenn Armirail, nice. I just got back from the eye dr not the dentist. Glad I checked my phone message again. Ceci's eyes are good. very minor change. **Alaska Dave** Another 50 degree morning in the drought stricken rain forest. Flood preparations complete,

07-21-2026

10:23:31 am

**Katie S** what's that, Dave? Flood prevention?

07-21-2026

10:23:34 am

**Katie S** How high is that barrier?

07-21-2026

10:23:46 am

**Alaska Dave** HEBSCO barriers--or a grandchild proof protective fence in the back yard.

07-21-2026

10:24:08 am

**BusterSci** Grandchild proof today. I suspect the years will build a better grandchild

07-21-2026

10:25:12 am

Alaska Dave It is about six feet high. Overkill for a yard that had six inches of water in it max at la 16.8 foot flood. Lots of places are in much more danger. Worse case scenario has our house isolated for about 6-12 hours. Our neighborhood is the oldest-and the highest ground in the area.

07-21-2026

10:26:28 am

Alaska Dave The fireweed blooms mark the end of summer--that didn't begin until June this year. I suspect the opposite bank will look much different in four weeks.

07-21-2026

10:27:59 am

**Trish in MA** Cattaneo takes over the top spot

07-21-2026

10:32:53 am

BusterSci So here's why I'm not ready to buy the "French screwing with people for Sexy Paul" story line. They didn't like Froome. They had Bardey, Rolland, Pinot, Barguil making top 10 and podiums but there was no testing hanky panky. Then WHF showed up and they loved him, no testing shenanigans. Then G Martin was the hope. Still no shenanigans. Gaudu. Madouas with beloved Pinot and Bardet still trying and still no testing games. I think only Bardet and Pinot got close to the hype of Seixas, but still. So I'm not ready to buy into the French connection quite yet.

07-21-2026

10:46:15 am

**Katie S** Yeah, I'd agree with you. We've seen plenty of dumb decisions, and this fits that pattern

07-21-2026

07-21-2026
11:02:24 am

Joanna in Virginia I might have to retire to be able to watch any cycling - my calendar is crazy! So happy that you all are still assembling at the Pub!

07-21-2026
11:03:23 am

BusterSci You're doing what you want to do. Who can complain about that? 07-21-2026 11:03:55 am

Joanna in Virginia Very true, Buster. Time to pop back out as client is entering the arena. Enjoy the day! 07-21-2026 11:04:21 am

Katie S My partner's golf team had to forfeit at the NCAA tournament when the coach, who had been out drinking all night and failed to either alert them to or get them to (can't recall which) their tee time on time. It still stings more than four decades later... 07-21-2026 11:05:06 am

BusterSci Did coach keep their job? 07-21-2026 11:06:40 am

Katie S unfortunately, yes. 07-21-2026 11:07:49 am

Katie S That was back in the dark ages 07-21-2026 11:08:14 am

BusterSci Habitual lateness is, to my mind, the most grievous minor social sin. Lateness that harms others is unforgivable. Excusing, of course, the truly explainable. 07-21-2026 11:11:48 am

Katie S And here goes Del Toro. 07-21-2026 11:11:51 am

Donny is the paint dry yet? 07-21-2026 11:14:30 am

Katie S And Remco. Jonas conspicuously absent, poor fellow. 07-21-2026 11:14:48 am

Tim in KY Interesting that today Remco wears the world champ jersey. Pog wears yellow but without the stripes. 07-21-2026 11:15:07 am

Katie S Hi Donny. It's just starting to set up. 07-21-2026 11:15:20 am

07-21-2026
11:17:24 am

07-21-2026
11:18:34 am

BusterSci 3/1/2/2/1/1

07-21-2026
11:19:34 am

Donny didn't think so, Tim but looking through the Poggles palmers is a chore. I think Buster had the fast way to search by just looking up the past 10 years of the WC TT winners.

07-21-2026
11:20:32 am

Tim in KY Matteo's sister is interviewing him for Peacock.

07-21-2026
11:20:59 am

Katie S Love this interview by Jorgensson's sister and the lip her brother is giving her about her interview style.

07-21-2026
11:21:02 am

Katie S is she older or younger?

07-21-2026
11:21:11 am

BusterSci Sorry, Katie. Could have been good mid stage, but you don't have a silly interview while all the best riders are on course.

07-21-2026
11:21:46 am

John The pat on his back :)

07-21-2026
11:21:54 am

11:41:43 am

Trish in MA Sexy Paul comes in 12 secs behind Skelmose

07-21-2026
11:43:48 am
