

**Tim in Ky** Giro stage 10 is a 39.8 km individual time trial. The course is very technical 05-15 15:11

with lots of up and down and many turns and curves.

**Tim in Ky** The lumps aren't steep but they're relentless over the last half of the course. 05-15 15:12

**Tim in Ky** The last 5.5 km are uphill except for a brief descent in the final kilometer 05-15 15:14

before turning up at the very end.

**Tim in Ky** And, of course, this being the Giro the last km has four hard turns. 05-15 15:16

**Tim in Ky** First rider leaves the start house at 12:45 CET (6:45 EDT). Quintana starts 05-15 15:21

at 16:24 CET (10:24 EDT). The expected finish time is expected to be between 49 and 54 minutes.

**Tim in Ky** The riders leave at one minute intervals, except the final 15 riders at three 05-15 15:23

minute intervals.

**Tim in Ky** Live video at 13:05 CET (7:05 EDT). 05-15 15:34

**Tim in Ky** About 25 minutes until the lanterne rouge sets off. I have some gardening 05-16 06:20

to do before the heat of the day. Back 9:00-ish.

**RSoseman** Hello (everybody) 05-16 06:44

**BusterSci** Just us black and whites, Mons.

05-16 06:44

**RSoseman** this is the stage I almost tried to go to,

05-16 06:44

**RSoseman** Bartender, we'll have some black and tans to drink.

05-16 06:45

**BusterSci** ITTs can be tiresome stages on TV but I think they'd be fun in person, since 05-16 06:47

you get to see some action every minute or so instead of just once twice as the break and peloton go by.

**BusterSci** Maybe a drinking game. Take a shot every time riders pass out of order. 05-16 06:48

From what I've seen, spectators don't often need reasons to drink, though.

**RSoseman** You have expounded reason number one. Number two, they are great for 05-16 06:49

photography, each subject comes by individually, or sometimes two together, and you can adjust the camera in between. Find a problem spot along the course, and you have the trifecta of ITT.

**BusterSci** I'll clarify that it's my first paragraph, and not my second paragraph, which 05-16 06:50

you were agreeing with?

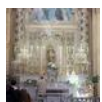

**BusterSci** I think nearly everyone expects Tom Dumoulin to be in pink after this stage.05-16 06:52

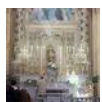

**BusterSci** Time to wash some blackberries, make some coffee, and otherwise feed the 05-16 06:53

Frau. Back in 20m or so.

**RSoseman** I was agreeing wityou that being there in person and seeing action every 05-16 06:58

minute is a big plus (reread then what I wrote about a problem spot, there was a great slick spot I encamped near during a ITT, and the cyclist kept almost falling, not that I wanted to see that you understand)

**RSoseman** OK, back in a few.

05-16 06:58

**BusterSci** Our first rider says it's really windy, which could affect things.

05-16 07:00

**BusterSci** From the ToC, the big news yesterday was Skujins crash. The crash was 05-16 07:03

horrific, but the aftermath was worse, as a clearly concussed Skujins was helped back on his bike by neutral service. The good news is that Vaughters finally got through to his team car and they pulled Skujins

from the race. It was later confirmed that he suffered a concussion and broken collar bone. He appears to be OK--but certainly didn't in the 5 minutes or so after the crash.

**BusterSci** Frau is off to work and I'm here for coverage until Tim returns. I have a 05-16 07:27

meeting I have to leave for about the same time the top GC guys set out, so I'll miss the critical portions

**BusterSci** By riding a good TT, which he is definitely capable of, Geraint Thomas 05-16 07:30

could still get himself back in podium contention. After the "incident" Thomas is in kind of a GC no-man's land, as he's too close to be allowed in a break but likely too far back to be a threat otherwise. Landa, on the other hand, if he still has motivation, would probably have the freedom to go for a stage win to help redeem Sky's Giro.

**BusterSci** Bialobloki (CCC) had a crash on the course, but is still likely to catch his 2 05-16 07:32

minute man.

**Charles Davis** Hi Buster and Mons 05-16 07:33

**BusterSci** Morning, Charles. 05-16 07:33

**BusterSci** Mixed in with sprinters, pure climbers, and domestiques, there are riders 05-16 07:36

with early starts who have a chance at a stage win. Kiryienka (SKY) is usually a threat for a TT, and could be again today if he didn't suffer any injury when the moto incident brought him down.

**BusterSci** Quinzato (BMC) takes the start. He's the Italian TT champ, so maybe has a 05-16 07:38

chance today.

**Charles Davis** Yeah, I think Kiryienka is my favorite. 05-16 07:39

**Charles Davis** Kirby mentions that there are clouds on the horizon. Late rain would be 05-16 07:40

bad.

**BusterSci** That's rider 46, as these 1 minute intervals get through the riders fast. Like, 05-16 07:40

60 an hour! That's quick math, isn't it?

**BusterSci** Late rain. Interesting. 05-16 07:41

**Charles Davis** Yes but I could follow it. 05-16 07:41

**Charles Davis** First finisher, 53 something and he fell once. And was the third starter. 05-16 07:42

**BusterSci** Adam Yates is the last rider to start on 1 minute intervals. Quintana starts 4505-16 07:46

minutes later. It's conceivable that Geraint Thomas could ride an almost completely dry race while the top 5 have to ride mostly in rain. Just pointing out that in a 3 week race nothing is certain--except that Adam Hansen will take the start.

**Charles Davis** Kiryienka is off. Was it last year at the ToF that he was 1 minute late to 05-16 07:46

the start. Then he finished about 1:15 down on the winner of the race. He gave up a lot of time at the end and could have been in contention for the win had he started on time.

**Charles Davis** So true

05-16 07:46

**BusterSci** If we have a windy rain for the final starters I could easily see guys like

05-16 07:49

Jungels, Thomas and maybe even Tejay crack Hardagain gain back minutes.

**Tim in Ky** Usually Field Marshall Kiryienka saves himself for later domestique duties, 05-16 07:53

but with Thomas and Landa both off the plate, he may give it a go

**BusterSci** Da

05-16 07:53

**BusterSci** Switched computers since the Tiz stream is up.

05-16 07:56

**Charles Davis** Kirby and Lloyd are confusing themselves trying to watch the

05-16 07:56

intermediate times and who is where. I think they have figured it out.

**BusterSci** I stream to the TV from my desktop then follow the Pub on my laptop.

05-16 07:56

**Tim in Ky** I am off for another while.

05-16 07:57

**Charles Davis** I do that as well when I can sit down and watch. This morning is

05-16 07:58

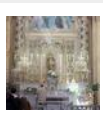

domestic duties of cleaning the family room. Mainly I am just listening for the moment and checking for wisdom from you guys.

**Charles Davis** Still checking...

05-16 08:08

**Charles Davis** Sorry, I read that as 1 min 5 sec. My reading failed instead

05-16 08:09

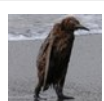

**BusterSci** Ah. I understand now. I would have been more clear with 1:05:00.

05-16 08:10

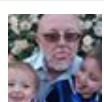

**BusterSci** Kyrienka passing riders like they're club riders.

05-16 08:10

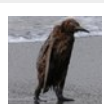

**BusterSci** Caleb Ewan is not a TT specialist.

05-16 08:11

**Charles Davis** Camera shots from all over the course. I have no idea who is where.

05-16 08:13

**BusterSci** Rob Hatch, noting that last year's big TT went through Barbaresco and

05-16 08:16

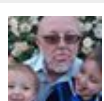

today is Montefalco, has taken to calling it a "Wine Trial." Sagrantino di Montefalco is a candidate for the best red wine you've never heard of. It's quite nice. Paolo Bea is the master name, but there are many other good makers. But it isn't cheap. You'll be lucky to find a \$40 bottle and \$80 is more likely.

**BusterSci** Kyrienka is rock solid on the bike. He comes through 31s faster than the

05-16 08:18

prior best.

**Charles Davis** Thanks for the wine tips.

05-16 08:20

**Charles Davis** Stuyven starts

05-16 08:20

**Tim in Ky** Back for the duration. Quintana has improved his TTing since that

05-16 08:24

Rasmusenesque disaster in the TdF a few years ago. I'll be surprised if he sheds oodles of time. Pinot is another story. Kirby says the Field Marshall has passed four riders now.

**BusterSci** Tim, my memory agrees with you on Pinot, but the "experts" I've been

05-16 08:26

reading and listening to think he's better than Quintana. I'm having a hard time processing that, but...

**BusterSci** Someone just asked for a date on his chest as he crossed the line.

05-16 08:27

**BusterSci** To be clear, the request was printed on his chest. He didn't want his date on

05-16 08:28

his chest.

**Tim in Ky** Brut crashes badly.

05-16 08:30

**Tim in Ky** Brutt back on his bike.

05-16 08:32

**Charles Davis** That was a bad crash. Kyrienka passed the ccc rider and the ccc rider

05-16 08:32

repassed him.

**Tim in Ky** That was weird.

05-16 08:33

**Tim in Ky** CCC currently has two men in the top 5.

05-16 08:33

**Charles Davis** K crashed

05-16 08:35

**Charles Davis** Still first 52:37

05-16 08:36

**Tim in Ky** And none the less gets the hotseat.

05-16 08:36

**BusterSci** Wow. Like Donny a few days ago, the system logged me out without

05-16 08:44

notifying me. I posted about 8 updates with no response so I refreshed and saw y'all were keeping up to date just fine. I say this just to confirm Donny's experience and let you know that IT COULD HAPPEN TO YOU!

**BusterSci** A bit of a smile and laugh from Vasil as he starts to warm down.

05-16 08:45

**Tim in Ky** I'm not going to say, "it's never happened to me", because then it will.

05-16 08:45

**BusterSci** T-not coming in!

05-16 08:47

**Tim in Ky** T-not in for 10th.

05-16 08:47

**BusterSci** Tiz feed is clarifying that it's a tailwind on the way out and a headwind on the way back.

05-16 08:48

**BusterSci** the 124th rider has started. Less than an hour before the 3 minutes starts of the top guys.

05-16 08:50

**Tim in Ky** Adam Hansen come through the first time check on the phone.

05-16 08:53

**Charles Davis** I think it happened to me one day. I posted the one witty thing I have come up with and nothing. That has to be the reason.

05-16 08:53

**BusterSci** [chirp chirp chirp]

05-16 08:56

**Tim in Ky** Well, it's a ITT...

05-16 08:58

**Tim in Ky** Hi, Katie.

05-16 08:58

**BusterSci** LuLe riding well.

05-16 08:58

**Katie** Good morning, Gents, Penguin and Padre. To quote the White Rabbit, "Hello, I must be going." I'll miss pubtalk today but will check in tonight. Have fun!

05-16 09:00

**Tim in Ky** I thought Groucho said that.

05-16 09:01

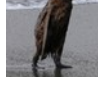

**BusterSci** Visconti on the road

05-16 09:02

**Katie** well, somebody said it, think! Cheers!

05-16 09:02

	<b>BusterSci</b> Rider 146 goes. 44 left.	05-16 09:11
	<b>donny</b> Teklehaimenot! Lads and ladys, lords and Hansens disease sufferers.	05-16 09:11
	<b>BusterSci</b> I have moderate psoriasis. It was diagnosed while I was in college. I called my mom and told her I had Hansen's disease. A couple days later, after she had a chance to look it up (way before the internet) she called me back to tell me how horrible I was. So I'm not just a smart-ass here.	05-16 09:13
	<b>donny</b> I shall be here only until my rather large lunch has had a chance to settle after which time I shall go see what this bike riding thing is all about. (We have had a miserable spring! At least what I have been around for so my form is suffering to the point I will not be competing in a scheduled Trip at the end of the month.)	05-16 09:15
	<b>donny</b> Buster, I have had full faith and confidence that you are also a smart-ass out in	05-16 09:15

the real world.

**BusterSci** I would never disappoint you, Donny.

05-16 09:16

**Tim in Ky** Boaro is getting a lot of TV time for someone of whom no one has heard.

05-16 09:17

**BusterSci** Tim's doing a pretty good job of it too!

05-16 09:18

**BusterSci** And I totally agree. he must be the only Italian on the road right now.

05-16 09:18

**donny** Maybe the Moto guys are just trying to follow one rider and stay the hell out of

05-16 09:20

the way for a change.

**BusterSci** HA HA HA ha ha ha HA HA HA! Good one, Donny.

05-16 09:20

**Tim in Ky** Engineer Roy come through the time check in 13th.

05-16 09:20

**BusterSci** LuLe 2nd at the second check.

05-16 09:24

**Charles Davis** Another CCC in the top ten

05-16 09:24

**Tim in Ky** That's a bit weird.

05-16 09:25

**donny** it is almost "unbelievable" tim and we all know that is a very unwelcome word

05-16 09:25

in cycling these days

**BusterSci** I suspect it will look less weird at the end. A lot of the last riders will slot

05-16 09:26

into the top 10 and split those CCC riders up.

**BusterSci** Not that I'd let that disrupt my plans for "random" testing.

05-16 09:27

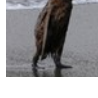

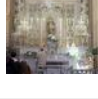

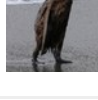

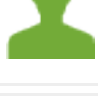

**Gilliemarie** Good morning all

05-16 09:27

**BusterSci** Now it's Puccio that's getting all the camera time. Sky AND Italian.

05-16 09:27

05-16 09:39

05-16 09:39

05-16 09:39

05-16 09:39

**RSoseman** that plus, I had five Swiss Guards over for Supper last night, grilling out, 05-16 09:39

and talking until all hours, so some of you may be pleased to know no essay will be today forthcoming. Also, I am in the office late on Tuesdays

**Charles Davis** Sanchez take the lead by 20 sec

05-16 09:40

**BusterSci** LULE!

05-16 09:40

**Tim in Ky** LuLe in the hot seat!

05-16 09:40

**BusterSci** 20s faster than Kyrienka

05-16 09:40

**RSoseman** I think Geraint is the dark horse today, he may pull out a win. The Gazzetta 05-16 09:40

sait to watch Nibali (of course) and Dumoulin today

**BusterSci** Yates goes, and now the 3 minutes start gaps.

05-16 09:40

**donny** that is saying something right there. Kyrienka is one of the TT guys to stick on 05-16 09:41

a fantasy team if you can get him for cheap.

**BusterSci** And he doesn't fall down and go boom.

05-16 09:41

**RSoseman** How is the weather, still wet?

05-16 09:42

**BusterSci** Rider 146 goes. 44 left.

05-16 09:11

**donny** Teklehaimenot! Lads and ladys, lords and Hansens disease sufferers.

05-16 09:11

**BusterSci** I have moderate psoriasis. It was diagnosed while I was in college. I called 05-16 09:13

my mom and told her I had Hansen's disease. A couple days later, after she had a chance to look it up (way before the internet) she called me back to tell me how horrible I was. So I'm not just a smart-ass here.

**donny** I shall be here only until my rather large lunch has had a chance to settle after 05-16 09:15

which time I shall go see what this bike riding thing is all about. (We have had a miserable spring! At least what I have been around for so my form is suffering to the point I will not be competing in a scheduled Trip at the end of the month.)

**donny** Buster, I have had full faith and confidence that you are also a smart-ass out in 05-16 09:15

the real world.

**BusterSci** I would never disappoint you, Donny.

05-16 09:16

**Tim in Ky** Boaro is getting a lot of TV time for someone of whom no one has heard. 05-16 09:17

05-16 09:18

**BusterSci** And I totally agree. he must be the only Italian on the road right now. 05-16 09:18

**donny** Maybe the Moto guys are just trying to follow one rider and stay the hell out of 05-16 09:20

the way for a change.

**BusterSci** HA HA HA ha ha ha HA HA HA! Good one, Donny.

05-16 09:20

**Charles Davis** Another CCC in the top ten

05-16 09:24

**Tim in Ky** That's a bit weird.

05-16 09:25

**donny** it is almost "unbelievable" tim and we all know that is a very unwelcome word in cycling these days

05-16 09:25

**BusterSci** I suspect it will look less weird at the end. A lot of the last riders will slot into the top 10 and split those CCC riders up.

05-16 09:26

**BusterSci** Not that I'd let that disrupt my plans for "random" testing.

05-16 09:27

Hmmmmmm.....

**RSoseman** Maybe a selfie in a team bus? oh, wait. 05-16 10:29

**donny** Welcome to the Jungels, he don't play no games, gonna take back the time he 05-16 10:30

	<b>Tim in Ky</b> 2:09 at the second check!	05-16 11:00
	<b>donny</b> ouch!	05-16 11:00
	<b>donny</b> I don't think being down by 2:30 to Dumoulin at the end of today was part of the win the Giro plan for Movistar	05-16 11:01
	<b>RSoseman</b> WOW	05-16 11:02
	<b>donny</b> The shark putting in a very good TT for him	05-16 11:04

	<b>donny</b> That has nibbles loosing about a min to thomas and Jungels very good ride for him	05-16 11:07

**donny** Mollema crosses the line in 10th

05-16 11:08

**donny** here comes Dumoulin

05-16 11:08

**donny** 50:37

05-16 11:08

**Charles Davis** Nice ride

05-16 11:09

**Tim in Ky** 50:37!

05-16 11:09

**Charles Davis** i do have him on my fantasy team. Woo Hoo

05-16 11:09

**donny** I think it is safe to say we have a winner of the stage as that is a bit of a buffer

05-16 11:10

on Thomas time of 51:26

**Tim in Ky** So do I.

05-16 11:10

**donny** 3km to go for Quintana

05-16 11:12

**Tim in Ky** Pinot should be near the finish now.

05-16 11:12

**mmcally** So, if you assume Dumoulin gets a minute on Nairo in the final TT, he

05-16 11:13

would need to defend roughly a 3.5 minute lead in the mountains. Is that enough time for him?

**Tim in Ky** You're about 10 seconds ahead of me, Donny.

05-16 11:13

**donny** mmcally, with the way he rode up Blockhaus? might be. Sure will be fun

05-16 11:14

finding out!

**Charles Davis** I still think Quintana will win it all.

05-16 11:14

**Tim in Ky** Pinot 2:42 down.

05-16 11:15

**BusterSci** I think it will be tight. But if Nairo needs to take 3:30 from Dumoulin he's

05-16 11:15

going to be wiped for the Tour.

**donny** Buster, that is very true but that is also what we would think after he rides the 05-16 11:16

Tour and then wins the Vuelta.

**Tim in Ky** Red kite for Quintana. 05-16 11:16

**Charles Davis** That is true. Domoulin will miss Kelderman so he may not have much 05-16 11:17

help.

**BusterSci** Tejay only down 30s is impressive 05-16 11:17

**BusterSci** Oops. That was at checkpoint 1 05-16 11:17

**BusterSci** Never mind 05-16 11:17

**Tim in Ky** 2:53. 05-16 11:18

**vandiik** Tejay will be wrenching bikes next year. 05-16 11:18

**donny** naughty penguin 05-16 11:18

**donny** buh bye, buh bye now. buh bye 05-16 11:20

**Katie** Wow, just caught the last 2k for Nairo. Donny, I think you are right. That was not 05-16 11:21

in the Movistar playbook

**Gilliemarie** Is it over? 05-16 11:26

**Tim in Ky** Yes. 05-16 11:29

**Steve in CO** Ah bummer.....I missed the whole thing. 05-16 11:30
