

Tim in KY Gdl Stage 21 is a 17.4-kilometer time trial. It starts and finishes in central Verona but loops out into the countryside for the day's only climb. It is exactly the same route as the final time trial in 2019.

Eric Konecny was 🌐 looking for
asshats in the road.

1d · 🌐

If anyone sees a group of hobby bicyclists on the side of the road wiping their eyes, they just need some milk.

Day in and day out I have to deal with asshats that are simply biking around town, while in the middle of the roads.

I could vote on a change to our laws, or I can just mace each and every bicyclist that is joy riding in traffic.

When I was raised, we were told to go against the flow of traffic...

.. now days we have Greenway paths all over Huntsville for those wanting to joyride to play on. If you want to put other people's lives at risk by being a dumbass, look forward to a whole new bike riding experience this summer.

36 cans of mace and all summer to empty them.

From bumps in the night to watering eyes in the day, Expect me

RCG Yep, itâ€™s been reported to FB and local LEOS. Â He is in a neighboring county and our bike club doesnâ€™t have a local liaison for cycling threats/concerns with them. Â But hopefully somebody pays him a visit. Heâ€™s stupid enough to have a public FB profile, and talks about where he lives. In personal replyâ€™s to mad local cyclists he sort of laughed it off and said it was a total joke and he made that up but lâ€™m not so sure, given some of his other posts.

05-29-2022
08:49:41 am

RCG Photos of his posts (and this isnâ€™t the first) have been photographed and archived in case he actually makes good on his threat. Very stupid individual. Like itâ€™s been pointed out, he is stupid enough to think cycles should ride against traffic. Which is essentially against the law. Â I guess weâ€™ll add him to the list of folks in the area who think itâ€™s fine too threaten, harass, close m-pass, and otherwise attempt to injure cyclists with their vehicles.

05-29-2022

08:56:36 am

RCG A lot of local cyclists have invested in front/back cameras for their bikes b/c of idiots like this. Â We just had a hit and run on a popular cycling road a few weeks ago; the guy who was hit and the guy who was riding with him donâ€™t even know the make/model of the vehicle that hit him. Â The LEOs did a crummy job â€œinvestigating.â€. The cyclists went back to the crash site the next day and found enough car parts to indicate that it was a silver Chevy with significant right front end damage. But since the LEOs didnâ€™t even look, the recovered pieces of the vehicle canâ€™t even be used for evidence if the driver is identified somehow.

Katie S A friend of mine who has one of those eMustangs that Ford put out described how she loves to drive it ripping around the tight corners on the narrow, twisty road through the redwood forest â€¦ that is a fav for cyclistsâ€¦ including yours truly. This playground attitude is one reason I hung up my road bike several years ago.

05-29-2022

05-29-2022

05-29-2022
09:05:59 am

Katie S Oh, youâ€™re right. I forgot.

05-29-2022
09:07:07 am

BusterSci I grew up in a time and place where the only cyclists you'd see were kids riding to their city league baseball games and adults who had their licenses suspended. Â You never came across a group on the road, so it was a bit of a novelty to me the first times I encountered it. Â It annoyed me at first glance, but it wasn't my driver education but my boating education that I reacted to. Â On the water, sailboats always get right of way over motorboats and many states also apply that to human powered craft. Â In addition, a vessel of any sort being overtaken is always the most privileged vessel. Â So that's the way I approached things.

05-29-2022
09:08:07 am

Trish in MA Back in the 70's, my younger brother used to ride his bike in Scottsdale (before it became "Scottsdale") several miles away from home out to the desert, carrying a rifle on his back. Â He was shooting rabbits. Â No one ever stopped this 10-year-old kid.

BusterSci Once I understood the detailed safety aspects and how cycling groups were trained--then there's no discussion. Â Except one thing: Â There are asshat cyclists as well as asshat drivers. Â So don't defend the asshats of any sort. Â That said, even an asshat cyclist deserves to live uninjured, and will always lose a fight with a car, so drivers, suck it up.

09:16:31 am

Trish in MA Working for many years in Cambridge @ MIT, I'd see plenty of cycling *hats and plenty of "invisible" cyclists. I once counted the number of unhelmeted cyclists vs. helmeted cyclists in the space of a 0.25 mile walk. A staggering 3:1 ratio.

05-29-2022
09:42:30 am

BusterSci I recommend anyone thinking helmets are a panacea to do some reading on cycling in the Netherlands. Â To be clear, I wear a helmet when I bike. Â I'd never encourage anyone not to. Â But going down the NED rabbit hole makes you understand what helmets do, don't do, distract from, and other looks at bike safety. Took me a long time to process and accept the data, but if you bike it's worth your time.

Trish in MA Landa is slooooow

05-29-2022
11:00:05 am

BusterSci 14s slower than Nibs at the summit

05-29-2022
11:00:15 am

Charlie in Tenn Landa has 5+ min on Nibs so he is just riding home.

05-29-2022
11:00:53 am

BusterSci Crapass 10th at the summit

05-29-2022
11:01:01 am

BusterSci Lot of preserving places going on here

05-29-2022
11:02:11 am

BusterSci Except Crapass is going all out, I think.

05-29-2022
11:02:29 am

Charlie in Tenn I think Jai will be ahead of crapass at the intermediate

05-29-2022
11:02:29 am

BusterSci Bilbao in at 22nd

05-29-2022
11:03:00 am

05-29-2022
11:04:09 am

Charlie in Tenn Ahh, oh well.

05-29-2022
11:04:20 am

Tim in KY Now he just has to stay upright on the descent.

05-29-2022
11:04:37 am

Trish in MA And Nibs finish the Giro.

05-29-2022
11:05:13 am

BusterSci Nibs in high 70s placing at intermediate, ends 47th after descent.

05-29-2022
11:05:15 am

Katie S I think Nibali just wasn't in great form. He isn't the type to just roll around a grand tour

05-29-2022
11:05:16 am

SFinAus Who is at the top of the LUG VG standings?

05-29-2022
11:05:27 am

BusterSci He got 5th. Â Hard to complain for an old guy

05-29-2022
11:05:35 am

BusterSci JoJo

05-29-2022
11:05:40 am

Charlie in Tenn Jo before today

05-29-2022
11:06:03 am

Katie S True, but he never bared his sharky teeth.

05-29-2022
11:06:19 am

BusterSci Always big moves on the last day

05-29-2022
11:06:21 am

BusterSci Discussed a few days ago. Â He's a lurking shark, not an attacking shark--even more so as he's aged.

05-29-2022
11:06:58 am

Tim in KY Landa isn't going to win a GT until he learns to TT.

05-29-2022
11:08:04 am

BusterSci Going backwards to his better finish for Nibs: DNF 2021 TdF, 18th 2021 Giro, 7th 2020 Giro, 39th 2019 TdF, 2nd 2019 Giro

05-29-2022
11:09:31 am

Katie S There it is! 2 star crossed lovers! Everybody drink.

05-29-2022
11:09:31 am

SFinAus No, and maybe not even if he does. Â I think he spent too many formative years in the service of others focusing on being a domestique.

05-29-2022
11:09:32 am

Charlie in Tenn I think Jo could be in trouble. Pathological Dyer has the top 3 in GC. Jo has Crapass and Bilboa. It is going to be an interesting finish on VG.

05-29-2022
11:09:37 am

Trish in MA Oh heavens. Â Romeo and Juliet from GCN

05-29-2022
11:09:43 am

SFinAus I think Rob Hatch is morphing into Carlton Kirby

05-29-2022
11:10:19 am

BusterSci I think Landa is one of those guys that always has a bad day--and not just in TTs.

05-29-2022
11:10:28 am

Tim in KY He's been doing R&J stuff all day.

05-29-2022
11:11:02 am

BusterSci I can hear the producer: "Rob, Rob. Â Your language skill are lovely, just lovely, but you need some hook. Â Can you Kirby it up a bit, luv?"

05-29-2022
11:11:35 am

Charlie in Tenn He has horrible TT numbers compared to all GC riders. 2 top tens in 50(?) stages

05-29-2022
11:11:38 am

BusterSci I bet those are on mountain TTs, too.

05-29-2022
11:12:02 am

SFinAus Lordy, "The Jai-ro".

05-29-2022
11:12:39 am

05-29-2022
11:13:13 am
